## GOVT 2305 United States Government 3.3.0

A study of the United States federal and constitutional systems; executive, judicial, and legislative powers and institutions; the United States Constitution, foreign and military policies, economic and financial development, formation and organization; political parties and ideologies; federal and interstate relations; close study of various current problems. Core Curriculum satisfied for Political Science/Government.

## GOVT 2306 State and Local Government 3.3.0

A functional study of the individual as a citizen, person, and voter. Attention to the legislative functions, administrative organization, and the judicial system in state government with an emphasis on Texas. Investigation of the Texas Constitution and the position of state government in our federal system. Consideration of the role played by local governments, counties, cities, and special districts. Note: It is recommended that students take both semester of government at the same institution. Core Curriculum satisfied for Political Science/Government.
