Message from the President

Paris Junior College is a thriving institution. After 95 years of offering a quality education, PJC remains dedicated to providing opportunity to those who seek it.

This Fact Book presents data that reflects the dynamic aspects of the institution along with the unique characteristics which make PJC what it is today. The data will show dramatic growth during the most recent economic downturn and as the local economy grew area unemployment dropped to new lows and enrollment declined to pre-recession numbers. With these ups and downs over the last decade, PJC remains a viable institution of higher learning with financial reserves to provide additional security to the institution.

This Fact Book will provide quantitative data to describe PJC. As it has been for the past 95 years, the story behind the data and the success PJC has achieved is rooted in the faculty and staff that are dedicated to furthering the mission of this great institution.

Pamela D. Anglin, Ed.D.
President
Paris Junior College
