FOCUS on SUCCESS

with 8-week classes at Paris Junior College

PJC has empowered students by shortening most courses from 16 to eight weeks, helping students by allowing them to focus on two or three classes at a time, making them easier to handle; helping them maintain enthusiasm; and giving students a quality, not quantity, course experience. To qualify for financial aid and scholarships, students will register for both Fall 8-Week Terms 1 and 2 at the same time. Students will need to buy all books and course materials at the beginning of the fall semester for both 8-week terms. Payment plans may be set up at that time.

New Student Orientation is Mandatory

All new students must enroll for orientation. Orientation is available online and must be completed prior to enrolling for classes.

Getting a Bacterial Meningitis A Shot

All incoming freshmen, transfer students and returning students not continuously enrolled beginning with the fall 2011 semester need to show proof of immunization against bacterial meningitis. The law does not apply to students age 22 and over or those only in online classes that don't require proctored testing at PJC. The meningitis vaccination or booster must have been administered within the last five years and before the start of the semester. Contact the Office of Admissions and Records for more information.

Steps to sign up for classes at PJC

- New students must first be admitted to PJC (call Admissions at 903-782-0425).
- Returning students not enrolled in the previous term must complete new Admissions paperwork: at www.parisjc.edu on the Admissions Page or MyPJC, or call the Office of Admissions and Records.
- Take a Placement Test (see page 3 for information on testing).
- New students must enroll for orientation. The list of orientation classes is available at the beginning of each class section for Paris, Greenville, Sulphur Springs, or online.
- Register during early registration if possible.
- Request a Degree Plan when you register.
- Payment is due upon registration.
- Apply for financial aid at www.fafsa.gov.

The testing schedule is listed below. The TSIA2 is an adaptive computer placement test that requires a Pre-Assessment Activity prior to testing. The Pre-Assessment Activity is accessed online by going to www.parisjc.edu, then click on A-Z Links, then select Texas Success Initiative 2.0 (TSIA2).

The fee for the TSIA2 is \$25 for the initial test, and \$15 to retest. The test is untimed, and depending on how many sections of the test a student is required to take, the TSIA2 may take between two and five hours.

Meaning of Course Abbreviations in this Schedule

Subject areas are listed alphabetically and individual courses are listed by course title. Day classes include those offered on the regular Monday and Wednesday or Tuesday and Thursday schedule and those taught on Fridays. Night classes are taught after 4 p.m. This is a sample course listing with explanations of what everything means:

DRAM-1121 .100 THEATER PRACTICUM 2:25PM 3:40PM T R AD 160 WALKER

DRAM 1121 100 (department/course number/section number), **THEATER PRACTICUM** (course title), **2:25 PM 3:40 PM** (time the class meets), **AD 160** (location where class meets), **TR** (days the class meets, in this case, Tuesday and Thursday), **WALKER** (name of instructor). In the course number, a 1 or 2 indicates freshman or sophomore course. The second number indicates credit hours - in this example, the 1 means one credit hour. For English 1301, the 3 indicates three credit hours. A credit hour is a unit of measure representing an hour (50 minutes) or instruction over a 16-week period in a semester system. In the section number, the 1 of the .100, indicates location or type of class; here it means Paris. The suffix - the 00 of the .100, indicates the type of course - for instance, whether it is a face-to-face course, online, 16-week semester or 8-week flex, or mini-term, or dual credit.

Once your DragonMail account is activated, you can forward it to another email account by following the Gmail instructions. A student email address is in the form of: username1234@dragons.parisjc.edu. Make sure the @dragons.parisjc.edu is included in the Username. Paris Junior College will create the email account for the student. The student DOES NOT need to create an account. If you already have a Gmail account that opens, be sure to click on "Sign in with a different account," and then use your DragonMail username and password.

There are two sets of instructions for creating the proper username, depending on whether your PJC Student ID number is six or nine digits long. To learn more, go to www.parisjc.edu. Select "Current Students," then "DragonMail." DragonMail is hosted by Google Mail. Students will be given directions to access their email when they register. If you require assistance, contact the Help Desk at 903-782-0496, helpdesk@parisjc.edu.
