Permission, Medical & Media Release Form

_____ has my permission to participate in Kids College 2023 sponsored by Paris Junior College.

PARIS JUNIOR COLLEGE KIDS COLLEGE REFUND POLICY:

Deadline to register, drop, or move a class is July 1, 2023. Your signature acknowledges you understand the refund policy of Paris Junior College and that NO REFUND will be given after the above stated deadline date.

Signature: _____ Date: _____

Please initial next to each statement:

_____ I understand photos/videos may be taken for marketing purposes. I give permission for my child's photo to be used in such.

_____ I understand Paris Junior College is not responsible for any items (i.e. clothing or money) my child may bring to class.

_____ I have discussed inappropriate behavior with my child and am aware inappropriate behavior will result in removal from the program.

EMERGENCY INFORMATION: If I cannot be reached to make plans for emergency medical care for my child, I give my permission for Paris Junior College to take my child to (hospital) _____, (Dr.) _____.

RELEASE OF LIABILITY STATEMENT

I state that I assume full responsibility for any accident or personal injury that might befall my child due to participation in Kids College activities. I assume this responsibility with full acceptance of the risks, known and unknown to me at this time. I further state that my child has no known health problems, conditions or concerns which may preclude them from safe participation in a classroom/physical activity program, and agree to inform the instructor of any minor concerns which may develop. I hereby hold harmless and release Paris Junior College from all liability arising out of any injury, loss, claim or damage which may be sustained by my child due to participation in Kids College activities. Child's known allergies or significant medical history:

I state that I have read this document, agree with its terms and I am signing this contract voluntarily.

Relation to Child: _____ Date: _____

Signature: _____

The following people have permission to pick up my son/daughter:

Name: _____

Phone: _____

Name: _____

Phone: _____

Name: _____

Phone: _____

Picture ID is required for **ANYONE**
picking up a Kids College Participant.

Kids College

Course Descriptions

Cooks 'N Books

Students enjoy reading favorite storybooks and creating fun snacks that relate to the stories. Students sample their creations. New books are used each session.

First Aid: What's the BIG Deal?

Have you ever seen someone fall and hurt their leg? Or perhaps you know someone who's been very ill? Have you ever been near an accident? Imagine being able to help in each of these situations—that's what first aid is all about. You don't need to have special items or a first aid kit to give first aid. The most important thing is to know the simple steps to follow in different situations. You can become a SAFETY HERO!

FUN with Science!

Experiments are an awesome part of science that allow students of all ages to engage in fun and exciting hands on learning experiences that they are sure to enjoy.

Give Me a "C" Give Me a "HEER"

Do you like to cheer and learn dance routines? Join the Paris Junior College cheerleaders and learn the technique of cheerleading, jumps, and dance. Campers should wear shorts, t-shirt and tennis shoes.

It's TEE Time!

Have you ever wanted to learn the art of Golfing? Become a beginner golfer as you develop golf skills (full swing, short game, rules and etiquette) while keeping the experience fun and engaging (games and activities).

Junkyard Wars

Junkyard Wars is a fun way to allow students to use things they would normally consider "junk" to build something to solve a challenge. It uses STEAM (science, technology, engineering, arts, and math) principles to creatively solve problems in a project learning based environment.

Junior Historian

Join us on an exciting journey of discovery, exploring the rich academic history of North Texas. Students will discover history through creative and fun ways such as games, art, hands on demonstrations, maps, and more!

Mad Science!

Mad Science will give students the opportunity to become junior scientists for the week and embark on a series of science adventures like no other!

Martial Arts

Everyone should understand, at the very least, the most basic principles of self-defense. More than just a means of protecting one's self, self-defense classes provide a well-rounded exercise regimen and can instill you with a strong sense of self-confidence. This self-confidence will help you conquer the skills needed for Bully Prevention.

Kids College

Course Descriptions (continued)

Math 'N Crafts

Get your creativity on with the opportunity to make cool crafts. While you create unique projects don't be surprised if you learn some cool math along the way.

Music

Let's get started, by discovering what kind of music we like. Why do we like certain types of music better than other types? Let's share the diversity of music with movement, games, and fun.

Reporting: Live from the Scene

You are a young reporter at *The Bat: Kids Edition*. The editor just gave you a new assignment: Get down to Kids College and find out what CRAZY things those kids are doing. The editor wants AMAZING articles with lots of pictures. Are you up to the assignment? Learn how Journalists use the 5 Ws to gather facts and write articles.

Secret Agent

Secret Agents needed . . . Only the best will do! Agents will be competing against and training along with fellow recruits testing their special agent skills, breaking codes and much more.

Sign Language!

You will learn the ABC's so you can fingerspell words that you don't know signs for but you will also learn words and phrases. With practice you will be able to sign and communicate with deaf people.

The Great Escape

Sharpen your problem-solving skills and further your mathematics education while trying to escape from Paris Junior College's Escape Room.

World Wildlife Adventure!

Learn about many really cool animals from all over the world! We'll make a wildlife photo book, do some awesome artwork, and even get to experience some REAL, and ALIVE animals!

"Yes You CANvas!"

Starting with a blank canvas, students will be guided step-by-step through creating a masterpiece. Get ready, set, PAINT! Please bring an oversized shirt to be used as a paint smock.

You CAN Sew

Learning to sew can be fun and very rewarding. This class will teach you basic techniques on threading a needle, making a knot, sewing straight stitches, sewing on buttons and more. You will complete several take home projects while having fun.
