## Course Descriptions

### **3-D Character Creation**

Welcome to the World of 3D. Learn how to create 3D models. Join us and learn how easy it is to create in 3D. Basic computer skills is a must.

### **Basics, Basics, Basics**

Set your imagination and adventurous spirits free as you learn about the natural environment and important skills of survival: shelter, water, fire and food.

### **Culinary Adventures**

Improve your culinary skills by learning how to use kitchen tools, knife techniques, how to make delicious food and adequately clean the kitchen.

### **Creating with Ceramics**

Learn how to mix clay to pour in to a ceramic mold of your choice. Once the clay is hardened you will learn the proper way to remove your creation from the mold and then sand it to make it smooth before applying your decorative touch with glaze and/or paints.

### **Cupcake Showdown**

Think you've got what it takes to be the best cupcake chef in Lamar County? Learn tricks of the trade from Lamar County's own highly trained pastry chef. Students will mix, bake, design and finish fantastic cupcakes that will not only look professional but taste divine! The challenge is ON! Cupcake judging will take place and the winner (s) will be announced at the Parent Preview on Thursday.

### **Fun With Clay**

Working with clay is a great place for imagination to meet fun, messy skills. Students will learn the art of Hand Building which includes Pinching, Slab, Textures and more while they learn how to make a maraca. Be prepared to get a bit messy.

### **Fun with Spanish**

¡Vamos a gozar este verano! Let's have fun this summer! Learn Spanish while having FUN! Learn Mexican Caribbean songs; Traditions; Dine on Latin cuisine; Crafts and have FUN, FUN, FUN while learning Spanish.

### **Jewelry Creations**

Each day students will be introduced to a different technique used to create Jewelry: Stamped keychains or necklaces; Create a unique Amulet; Work with leather to make pendants or earrings; and learn about beading. Each student will have lots of fun and if time permits they will be able to make multiple projects daily.

## **Junior Historian**

Students will have the opportunity to learn about North Texas History through creative and fun ways such as games, art, hands on demonstrations, maps, and more!

## **Junk Drawer Robotics**

Students are challenged to build robots from everyday items without the use of a computer. Learn about pneumatics, arm designs and three-dimensional space. Students will showcase their creations at the Parent Preview.

## **Martial Arts—Anti Bullying Techniques**

Develop increased concentration, discipline, anti-bully defense strategies, respect for adults and self-confidence. With martial arts you can develop strength, confidence and improve your physical fitness – while having lots of fun too! The skills learned through martial arts are of use in every day life, in both school and social situations.

## **Munching on Math**

What does math, cookies and an Air Fryer have in common? Explore math related to the real world in a fun way! Each day includes activities involving simple math operations. We will follow recipes to create scrumptious foods. Join us for a MATH-SNACK-ATTACK!

## **Reporting: Live From the Scene**

You are a young reporter at The Bat: Kids Edition. The editor just gave you a new assignment: Get down to Kids College and find out what CRAZY things those kids are doing. The editor wants AMAZING articles with lots of pictures. Are you up to the assignment? Learn how Journalists use the 5 Ws to gather facts and write articles.

## **"Sea-ing Is Believing!"**

Explore the incredible life in the ocean. We will learn about amazing ocean animals, play some cool ocean games, make some awesome ocean projects, AND get to experience some REAL ocean animals! If you love animals from the sea, this class is for YOU!

## **Secret Agent**

Secret Agents needed . . . Only the best will do! Agents will be competing against and training along with fellow recruits testing their special agent skills, breaking codes and much more.

## **"Yes You CANvas!"**

Starting with a blank canvas, students will be guided step-by-step through creating a masterpiece. Get ready, set, PAINT! Please bring an oversized shirt to be used as a paint smock.

## **You CAN Sew**

Learning to sew and be fun and very rewarding. This class will teach you basic techniques on threading a needle, making a knot, sewing straight stitches, sewing on buttons and more. You will complete several take home projects while having fun.
