## TSIA2 Testing

The Texas Success Initiative 2.0 (TSIA2), mandated by state law, requires students whose TAKS/STAAR/SAT/ACT scores do not achieve exempt status, or who are not otherwise exempt, to be assessed in reading, writing and math skills prior to enrolling in any college-level coursework. The state approved test administered at Paris Junior College is the TSIA2.

The testing schedule is listed below. The TSIA2 is an adaptive computer placement test that requires a Pre-Assessment Activity prior to testing. The Pre-Assessment Activity is accessed online by going to [www.parisjc.edu](http://www.parisjc.edu), then click on A-Z Links, then select Texas Success Initiative 2.0 (TSIA2).

The fee for the TSIA2 is \$25 for the initial test, and \$15 to retest. **The test is untimed, and depending on how many sections of the test a student is required to take, the TSIA2 may take between two and five hours.**

## Other Important Student Information

### Get Emergency Alerts! *Don't Miss Campus Closings*

In the event of an emergency or severe weather, you will receive an emergency alert sent by text message or email. This is a free service provided by PJC, though normal message fees may apply. To receive text messages to your cell phone, your cell phone must have text messaging capabilities. Notifications are dependent upon external providers and PJC cannot guarantee notifications will be received by the intended recipient. To add your email address or a different cell phone number, go to [www.parisjc.edu](http://www.parisjc.edu), select the "Current Students" link, look under "Life on Campus" and select the "Dragon Emergency Alert System Signup" link. Follow the instructions.

### Dragonmail: campus email for students

All PJC students have a dedicated email address that is the primary method of contact between students and various PJC administrative offices. All PJC students are encouraged to log into their new email account as soon as possible to activate it. Once your DragonMail account is activated, you can forward it to another email account by following the Gmail instructions. A student email address is in the form of: username1234@dragons.parisjc.edu. Make sure the @dragons.parisjc.edu is included in the Username. Paris Junior College will create the email account for the student. The student DOES NOT need to create an account. If you already have a Gmail account that opens, be sure to click on "Sign in with a different account," and then use your DragonMail username and password.

There are two sets of instructions for creating the proper username, depending on whether your PJC Student ID number is six or nine digits long. To learn more, go to [www.parisjc.edu](http://www.parisjc.edu). Select "Current Students," then "DragonMail." DragonMail is hosted by Google Mail. Students will be given directions to access their email when they register. If you require assistance, contact the Help Desk at 903-782-0496, [helpdesk@parisjc.edu](mailto:helpdesk@parisjc.edu).

**DRAM 1121 .100** (department/course number/section number), **THEATER PRACTICUM** (course title), **2:25 PM 3:40 PM** (time the class meets), **AD 160** (location where class meets), **T R** (days the class meets, in this case, Tuesday and Thursday), **WALKER** (name of instructor). In the course number, a 1 or 2 indicates freshman or sophomore course. The second number indicates **credit hours** - in this example, the 1 means one credit hour. For English 1301, the 3 indicates three credit hours. A credit hour is a unit of measure representing an hour (50 minutes) or instruction over a 16-week period in a semester system. In the section number, the 1 of the .100, indicates location or type of class; here it means Paris. The suffix - the 00 of the .100, indicates the type of course - for instance, whether it is a face-to-face course, hybrid, ITV, 8-week flex, mini-term, or dual credit.
