Course ACNT 1303

Title Introduction to Accounting I

Description

A study of analyzing, classifying, and recording business transactions in a manual and computerized environment. Emphasis on understanding the complete accounting cycle and preparing financial statements, bank reconciliations, and payroll.

Textbooks

College Accounting, Chapters 1-9, 23rd edition.

Heintz & Perry

Loose-leaf Version + CengageNOWv2, 1 term Printed Access Card

Cengage Learning

ISBN: 978-0-357-25240-6

Microsoft Office 365 software (includes Word, Excel, Access, and PowerPoint) must be installed on your home computer if you work on your assignments at home. If you work on your assignments on campus, the software is already installed on those computers.

Student Learning Outcomes (SLO)

Define accounting terminology; analyze and record business transactions in a manual and computerized environment; complete the accounting cycle; prepare financial statements; and apply accounting concepts related to cash and payroll.

Schedule

Week 1: IceBreaker Discussion Board, Syllabus Quiz, Register for CengageNOWv2

Week 2: Chapter 1

Week 3: Chapter 2

Week 4: Chapter 3

Week 5: Chapter 4

Week 6: Chapter 5

Week 7: Chapter 5 Appendix

Week 8: Chapter 6

Week 9: Chapter 6 Appendix

Week 10: Practice Final Exam

Week 11: Final Exam

This schedule is a rough guide only and is subject to change as the semester progresses.

Evaluation methods

Grades are based on completion of assessments which include homework, final exam, discussion board forum, and syllabus quiz. All work will be graded for completeness, accuracy, and punctuality. All work must be submitted by the due date schedule. A grade of zero (0) will be recorded for any assessment which is not submitted. No late assignments accepted. No make-up or extra credit is awarded. Successful learners are good at scheduling their time in an organized manner. Remember that your work can be done from anywhere on any computer that has Internet access and Microsoft Office 365.

Discussion Board - 5% □

Final Exam - 35%

Homework - 60% assignments

Letter grades will be assigned based on the following point scale:

90 - 100 = A

80 - 89 = B

70 - 79 = C

60 - 69 = D

0 - 59 = F

Checking your Grade: To check your grades, click “Grades” tab. BlackBoard may show only the total number of points possible for each assessment and your score. The total points possible for the course may include work which you have not been assigned yet. To turn any score into a percentage, divide the number of points you received by the number of points possible.

Viewing Grades: Grades are usually posted in BlackBoard within one week following the due date.

COVID-19

Paris Junior College will continue to monitor and assess the COVID-19 impact on our community and the safety of all PJC community members (students, faculty and staff) and campus visitors. PJC may adjust hours, services and instructional modes as necessitated by the pandemic. We all need to be fully prepared for changes in daily practices to keep us healthy and our campus safe.

Strict adherence to the following will be in place effective August 1, 2020:

- Anyone on PJC campus/property, must wear a mask/face covering that covers the wearer's nose and mouth; face coverings can be disposable or cloth.
- Anyone on PJC campus/property will be expected to observe social distancing practices, and as outlined by facility signs and instructions.
- Anyone on PJC campus/property will be expected to govern themselves by the CDC's cleaning and disinfection, hand hygiene, and respiratory etiquette; students will be provided training on these topics.
- Students will be expected to pick-up a disinfecting wipe upon entering a classroom or laboratory and disinfect their workstation prior to sitting down.

PJC will continue to monitor the pandemic in order to take all precautions necessary to maintain a safe and healthy environment for our campus. Please continue to check the PJC website and your DragonMail before coming to campus for any updates that might affect you.

Course Description:

Introduces and develops foundational skills in applying essential and emerging business productivity information technology tools. The focus of this course is on business productivity software applications, including word processing, spreadsheets, databases, presentation graphics, data analytics, and business-oriented utilization of the internet.

3 Credit Hours 2 Lecture Hours 4 Lab Hours

Required Textbook(s) and Materials:

Cengage Unlimited

(4 Months) 978-0-357-70000-6

USB Flash drive

Course Goals and Objectives:

Upon successful completion of this course, students will:

1. Describe the fundamentals of information technology concepts – hardware, software, security, and privacy.
2. Demonstrate proper file management techniques to manipulate electronic files and folders in local, network, and online environments.

3. Create business documents with word processing software using spelling and grammar check, format and layout, tables, citations, graphics, and mail merge.
4. Create business documents and analyze data with spreadsheet software using (1) tables, sorting, filtering, charts and graphics, pivot tables, macros; (2) statistical, financial, logical and look-up functions and formulas; and (3) add-ins.
5. Create business multimedia presentations with presentation software using templates, lists, groups, themes, colors, clip art, pictures, tables, transitions, animation, video, charts, and views.
6. Create databases and manage data with database software using tables, fields, relationships, indexes, keys, views, queries, forms, reports, and import/export functions.
7. Integrate business software applications.
8. Use web-based technologies to conduct ethical business research.
9. Use “goal seeking” and “what-if analysis” to solve problems and make adjustments/recommendations in a business environment.

Course Schedule:

Week 1: Intro to CENGAGE and Fundamentals of Information Technology Concepts

Week 2: Creating, Formatting, and Editing a Word Document with a Picture

Week 3: Creating a Research Paper with References and Sources

Week 4: Word Assessment

Week 5: Creating a Worksheet and a Chart

Week 6: Formulas, Functions, and Formatting

Week 7: Working with Large Worksheets, Charting, and What-If Analysis

Week 8: Financial Functions, Data Tables, and Amortization Schedules

Week 9: Excel Exam

Week 10: Databases and Database Objects: An Introduction

Week 11: Querying a Database

Week 12: Access Exam

Week 14: Creating and Editing a Presentation with Pictures

Week 15: Enhancing a Presentation with Pictures, Shapes, and WordArt

Week 16: PowerPoint Assessment and Final Exam

Course Requirements and Evaluation:

All quizzes, exams, and projects will close at midnight on the due date listed. If you miss the due date, a zero will be entered as the grade for said assignment. Once closed, quizzes, exams, and projects will not be re-opened for any reason. Make sure that you keep up! *Failure to do so usually results in a failing grade.*

We will be submitting midterm grades this semester. This means that everything that is due by midterm must be submitted by the due date.

The following formula/criteria will be used to determine your Final Course Grade:

40% EXAMS

40% Labs and Assignments

20% Quizzes

COURSE GRADE = (Average Exams * .40) + (Average Assignments * .40) + (Average Quizzes *.20)

GRADE SCALE is based on calculated Course average:

90 – 100 = A

80 – 89 = B

70 – 79 = C

60 – 69 = D

0 – 59 = F

EXAMS(40%):

Exams demonstrate the students acquired skill of a software application. There will be four Hands-On Application Exams scheduled at your SAM course throughout the semester for Word, PowerPoint, Excel, and Access. The availability dates for these exams are listed in your course Calendar and at SAM. Make a note of these dates and mark them on your personal calendar. There will also be one, multiple choice, Final Exam.

ASSIGNMENTS (40%):

There will be two projects for each chapter. Instructions for the textbook projects are located in the corresponding chapter for the assignment. Textbook projects have step-by-step instructions. The Start file and any resource files for textbook projects must be downloaded from SAM. SAM projects will consist of an instructional document, a start file, and a resource file, if applicable. This start file will include a student's identifying code for project submission and grading. Once the assignment is submitted, it will be graded and an in-depth explanation of errors will be provided. The student will have an opportunity to make corrections and resubmit the document twice before the respective project's availability period terminates totaling three attempts for each assignment. The students' highest grade of the three attempts will be recorded as the assignment grade. All attempts must be completed during the availability time of the project.

QUIZZES (20%):

Quizzes are scheduled after each chapter. I recommend that you read the corresponding chapter before attempting a quiz. All quizzes are "open book" and administered under the Honesty Policy. Quizzes must be completed during the assigned availability period. You will have three attempts to complete each quiz. The highest grade will be recorded as the quiz grade.

Course Policies:

This course meets online via the Internet through the Blackboard [Bb] Learning Management System Cengage Skills Assessment Manager.

REQUIREMENTS:

1. Students ***MUST*** understand that technical problems are not reasons for missing deadlines or due dates.

- It is the student's responsibility to maintain reliable computer equipment and internet service.
 - It is the student's responsibility to attempt assignments in a timely manner, giving them enough time to complete the assignment.
2. Students **MUST** be **independent, self-motivated learners** to be successful in an internet or hybrid course.
 3. Students **MUST** be excellent time managers, seldom miss deadlines, and schedule adequate time each week to complete the course requirements.
 4. Students **MUST** have a reliable personal computer and internet service that meets the minimum requirement of the course software and course web sites. It is recommended that you use a PC to do your assignments. Some options are not available for a Mac including Microsoft Access and the Office suite is not available for Chromebooks.
 5. Students **MUST possess computer skills** necessary to:
 - Access internet sites, create accounts, locate and read "site user manuals."
 - Download and install software on their personal computers
 - Manage files on their storage devices,
 - Use computer applications, internet browsers, email, and system utilities
 6. Students **MUST** have reliable access to the Microsoft Office Suite 2016 or 365 that includes **Word, PowerPoint, Excel, and Access**.
 7. Students **MUST** purchase an access code for the required textbook and assignments during the first week of class.
 8. Students **MUST** realize that family obligations, work schedules, number of courses enrolled, and other life events do **not** supersede this course's requirements, due dates, assignments, or deadlines. Neither do they justify a request for extended time.

EXPECTATIONS:

1. Students are expected to use the PJC Lab to complete quizzes, exams, and assignments when they are experiencing technical problems with their personal computer or internet provider. PJC provides computers with the necessary software and internet connections in the campus labs.
2. Students are expected to schedule an appointment with the instructor when questions arise that cannot be adequately addressed via email or phone and require a demonstration or face to face help.
3. Students are expected to attempt, complete, and submit all assignments, quizzes, and exams within their respective scheduled time-period.
4. Students are expected to login, read and comply with all announcements, documents, instructions, etc.

If you experience technical difficulties logging into your Bb course contact helpdesk@parisjc.edu. Customer Service contact information for SAM is located on your SAM login page.

Open labs are available in the Library and room 150 of the Applied Science building on the Paris campus, room 121 on the Greenville Campus and room 103 of the Sulphur Springs Center.

You must attend class and complete the First Assignment located in Blackboard by September 20 at midnight in order to remain in the class. Students who have not attended or who do not complete the assignment by the due date will be dropped from this class.

Students must obtain a Cengage Unlimited access code in order to complete the class. Your book, assignments, quizzes and exams will be available through the access code.

Class Attendance:

Class attendance is critical for the successful completion of this course. *For online courses, students must complete work in a timely manner and follow due dates.* Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of “W” is Thursday, November 19, 2020

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, IPods, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others will be referred to the Vice President of Student Access and Success for disciplinary action such as dismissal from the college. *These students will immediately receive a score of zero on the exam/assignment in question with no possibility of makeup work and will forego the right to receive any bonus points for the remainder of the semester. Students who are suspected of cheating due to questionable activities may be required to prove their innocence.*

ADA Statement

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student’s responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Catalog or Student Handbook.

Meeting Times: 8:00AM – 10:10AM**

COVID-19

Paris Junior College will continue to monitor and assess the COVID-19 impact on the communities served. Per CDC guidelines:

• **All COVID-19 vaccines currently available in the United States have been shown to be safe and effective at preventing COVID-19. Getting vaccinated yourself may also protect people around you, [particularly people at increased risk for severe illness from COVID-19.](#)**

• **Anyone on PJC campus/property will be expected to govern themselves by the CDC's cleaning and disinfection, hand hygiene, and respiratory etiquette.**

Masks are no longer required on a PJC campus. However, if you have not been vaccinated, you should consider wearing a mask to protect your own health.

Course Description:

Introduces and develops foundational skills in applying essential and emerging business productivity information technology tools. The focus of this course is on business productivity software applications, including word processing, spreadsheets, databases, presentation graphics, data analytics, and business-oriented utilization of the internet.

3 Credit Hours 2 Lecture Hours 4 Lab Hours

Required Textbook(s) and Materials:

Cengage Unlimited

(4 Months) 978-0-357-70000-6

You will be able to purchase this code by logging into your Blackboard class and clicking on the Assignments link in the left navigation pane. You can then click on any assignment folder and be linked to Cengage where you set up an account and either enter an access code if you purchased it at the book store, or purchase the code from Cengage. The code will give you access to all assignments and the textbook. You **MUST** have this code to complete the class.

USB Flash drive to save your assignments if you are working on a public computer (including the computers in Paris, Greenville, and Sulphur Springs centers.)

Course Goals and Objectives:

Upon successful completion of this course, students will:

1. Describe the fundamentals of computing infrastructure components: hardware, application software, operating systems, and data communications systems.
2. Delineate and discuss societal issues related to computing, including the guiding principles of professional and ethical behavior.

3. Demonstrate the ability to create and use documents, spreadsheets, presentations and databases in order to communicate and store information as well as to support problem solving.
4. Describe the need and ways to maintain security in a computing environment.

Course Schedule:

Course Calendar BCIS 1305

Schedule may change at Instructor's discretion...

Due Dates are the dates that the corresponding assignments, quizzes or exams are due. Anything that is due but not submitted at this time will receive a zero. This will bring down the grade showing in Blackboard or SAM.

Due Date: July 16	Purchase Cengage Unlimited Purchase a USB Flash if working on a public computer. Read all documents in Blackboard and view SAM and Blackboard Videos. Complete First Assignment (Located on Assignments Page in Blackboard) (A) Word – Module 1 – Textbook Project (B) Word – Module 1 – SAM Project 1a (C) Word 1 Quiz
Due Date: July 18	(D) Word – Module 2 – Textbook Project (E) Word – Module 2 – SAM Project (F) Word 2 Quiz (G) Word Exam
Due Date: July 23	(H) PowerPoint– Module 1 – Textbook Project (I) PowerPoint – Module 1 – SAM Project 1a (J) PowerPoint 1 Quiz
Due Date: July 25	(K) PowerPoint – Module 2 – Textbook Project (L) PowerPoint – Module 2 – SAM Project (M) PowerPoint 2 Quiz (N) PowerPoint Exam
Due Date: July 30	(O) Excel – Module 1 – Textbook Project (P) Excel – Module 1 – SAM Project (Q) Excel 1 Quiz
Due Date: August 1	(R) Excel – Module 2 – Textbook Project (S) Excel – Module 2 – SAM Project (T) Excel 2 Quiz
Due Date: August 6	(U) Excel – Module 3 – Textbook Project (V) Excel – Module 3 – SAM Project (W) Excel 3 Quiz
Due Date: August 8	(X) Excel– Module 4 – Textbook Project (Y) Excel – Module 4 – SAM Project (Z) Excel 4 Quiz (ZA) Excel Exam
Due Date: August 13	(ZB) Access – Module 1 – Textbook Project (ZC) Access – Module 1 – SAM Project 1a (ZD) Access 1 Quiz
Due Date: August 15	(ZE) Access-Module 2-Textbook Project (ZF) Access-Module 2- SAM Project 1a (ZG) Access-Module 2 Quiz (ZH) Access Exam (ZI) Final exam

Course Requirements and Evaluation:

All quizzes, exams, and projects will close at midnight on the due date listed. If you miss the due date, a zero will be entered as the grade for said assignment. Once closed, quizzes,

exams, and projects will not be re-opened for any reason. Make sure that you keep up! *Failure to do so usually results in a failing grade.*

The grade that you see in Cengage or Blackboard is a running average which means that it averages only what has been submitted and does not average in assignments that are due but not submitted. When I pull grades, zeros will be added for missing assignments and the grade will be lower than what you see online.

The following formula/criteria will be used to determine your Final Course Grade:

40% EXAMS

40% Labs and Assignments

20% Quizzes

COURSE GRADE = (Average Exams * .40) + (Average Assignments * .40) + (Average Quizzes *.20)

GRADE SCALE is based on calculated Course average:

90 – 100 = A

80 – 89 = B

70 – 79 = C

60 – 69 = D

0 – 59 = F

EXAMS(40%):

Exams demonstrate the students acquired skill of a software application. There will be four Hands-On Application Exams scheduled at your Cengage course throughout the semester for Word, PowerPoint, Excel, and Access. The availability dates for these exams are listed in your course Calendar and at Cengage. Make a note of these dates and mark them on your personal calendar. There will also be one, multiple choice, Final Exam.

ASSIGNMENTS (40%):

There will be a Textbook project and a SAM Project for each module.

Textbook Projects: There will be a folder on the Assignments link in Blackboard for each module that is assigned. There will be a video located in the folder to walk you through the textbook projects. This folder will also contain a link to a textbook project, SAM project and quiz for each module with links to your Start File and any resource files needed for each one. There are also step-by-step instructions in the book for Textbook assignments.

Cengage Projects: Cengage projects will consist of an instructional document, a start file, and a resource file, if applicable and links can be found in the related folder on the Assignments page. The start file will include a student's identifying code for project submission and grading. Once the assignment is submitted, it will be graded and an in-depth explanation of errors will be provided. The student will have an opportunity to make corrections and resubmit the document two more times before the respective project's availability period terminates totaling three attempts for each assignment. The students' highest grade of the three attempts will be

recorded as the assignment grade. All attempts must be completed during the availability time of the project.

QUIZZES (20%):

Quizzes are scheduled after each chapter. It is recommend that you read the corresponding chapter before attempting a quiz. All quizzes are “open book” and administered under the Honesty Policy. Quizzes must be completed during the assigned availability period. You will have three attempts to complete each quiz. The highest grade will be recorded as the quiz grade.

Course Policies:

This course meets in Applied Science, room 142, on Tuesday and Thursday from 8:00AM – 10:20AM and via the Internet through the Blackboard [Bb] Learning Management System and Cengage Skills Assessment Manager.

REQUIREMENTS:

1. Students **MUST** understand that technical problems are not reasons for missing deadlines or due dates.
 - It is the student’s responsibility to maintain reliable computer equipment and internet service.
 - It is the student’s responsibility to attempt assignments in a timely manner, giving them enough time to complete the assignment.
2. Students **MUST** be **independent, self-motivated learners** to be successful in an internet or hybrid course.
3. Students **MUST** be excellent time managers, seldom miss deadlines, and schedule adequate time each week to complete the course requirements.
4. Students **MUST** have a reliable personal computer and internet service that meets the minimum requirement of the course software and course web sites. It is recommended that you use a PC to do your assignments. Some options are not available for a Mac including Microsoft Access and the Office suite is not available for Chromebooks.
5. Students **MUST possess computer skills** necessary to:
 - Access internet sites, create accounts, locate and read “site user manuals.”
 - Download and install software on their personal computers
 - Manage files on their storage devices,
 - Use computer applications, internet browsers, email, and system utilities
6. Students **MUST** have reliable access to the Microsoft Office Suite 2019 or 365 that includes **Word, PowerPoint, Excel, and Access**. Instructions for downloading the software are on the Start Here page for this class.
7. Students **MUST** purchase an access code for the required textbook and assignments during the first week of class.
8. Students **MUST** realize that family obligations, work schedules, number of courses enrolled, and other life events do **not** supersede this course’s requirements, due dates, assignments, or deadlines. Neither do they justify a request for extended time.

EXPECTATIONS:

1. Students are expected to use the PJC Lab to complete quizzes, exams, and assignments when they are experiencing technical problems with their personal computer or internet provider. PJC provides computers with the necessary software and internet connections in labs on the Paris campus and the Greenville and Sulphur Springs centers.
2. Students are expected to schedule an appointment with the instructor when questions arise that cannot be adequately addressed via email or phone and require a demonstration or face to face help.
3. Students are expected to attempt, complete, and submit all assignments, quizzes, and exams within their respective scheduled time-period.
4. Students are expected to login, read and comply with all announcements, documents, instructions, etc.
5. Students are expected to have access to a personal computer with Microsoft Office 2019 or Office 365. There are instructions on the Start Here page for this class for downloading the software if you do not already have access. **Projects will not work on a Chromebook and many will not work on a Mac.**

If you experience technical difficulties logging into your Bb course contact helpdesk@parisjc.edu. Customer Service contact information for CENGAGE is located on your CENGAGE login page.

Open labs are available in the Library and room 150 of the Applied Science building on the Paris campus, room 121 at the Greenville Center and room 103 of the Sulphur Springs Center.

You must attend class and complete the First Assignment located in Blackboard by **July 18**, at midnight in order to remain in the class. Students who have not attended or who do not complete the assignment by the due date will be dropped from this class.

Students must obtain a Cengage Unlimited access code in order to complete the class. Your book, assignments, quizzes and exams will be available through the access code.

Class Attendance:

Class attendance is critical for the successful completion of this course. *For online and hybrid courses, students must complete work in a timely manner and follow due dates.* Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is **August 7**. You will need to go to mypjc.parisjc.edu and log in to fill out the withdrawal form **before** this date in order to be dropped from the class.

Class Conduct:

All cell phones, personal digital assistants (PDAs) and other electronic devices must be turned off or in silent mode while in class. Under no circumstances should a cell phone or other electronic device sound during class. If a cell phone or other electronic device does sound during class the student may be asked to leave for the remainder of the period. The only exception to this rule includes peace officers, EMT, EMS, or other emergency personnel, and their devices should be in silent mode.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others

will be referred to the Vice President of Student Access and Success for disciplinary action such as dismissal from the college. *These students will immediately receive a score of zero on the exam/assignment in question with no possibility of makeup work and will forego the right to receive any bonus points for the remainder of the semester. Students who are suspected of cheating due to questionable activities may be required to prove their innocence.*

ADA Statement

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Catalog or Student Handbook.

EXAMS(40%):

Exams demonstrate the students acquired skill of a software application. There will be four Hands-On Application Exams scheduled at your SAM course throughout the semester for Word, PowerPoint, Excel, and Access. The availability dates for these exams are listed in your course Calendar and at SAM. Make a note of these dates and mark them on your personal calendar. There will also be one, multiple choice, Final Exam.

ASSIGNMENTS (40%):

There will be two projects for each chapter. Instructions for the textbook projects are located in the corresponding chapter for the assignment. Textbook projects have step-by-step instructions. The Start file and any resource files for textbook projects must be downloaded from SAM. SAM projects will consist of an instructional document, a start file, and a resource file, if applicable. This start file will include a student's identifying code for project submission and grading. Once the assignment is submitted, it will be graded and an in-depth explanation of errors will be provided. The student will have an opportunity to make corrections and resubmit the document twice before the respective project's availability period terminates totaling three attempts for each assignment. The students' highest grade of the three attempts will be recorded as the assignment grade. All attempts must be completed during the availability time of the project.

QUIZZES (20%):

Quizzes are scheduled after each chapter. I recommend that you read the corresponding chapter before attempting a quiz. All quizzes are "open book" and administered under the Honesty Policy. Quizzes must be completed during the assigned availability period. You will have three attempts to complete each quiz. The highest grade will be recorded as the quiz grade.

Course Policies:

This course meets online via the Internet through the Blackboard [Bb] Learning Management System Cengage Skills Assessment Manager.

REQUIREMENTS:

1. Students **MUST** understand that technical problems are not reasons for missing deadlines or due dates.

- It is the student's responsibility to maintain reliable computer equipment and internet service.
 - It is the student's responsibility to attempt assignments in a timely manner, giving them enough time to complete the assignment.
2. Students **MUST** be **independent, self-motivated learners** to be successful in an internet or hybrid course.
 3. Students **MUST** be excellent time managers, seldom miss deadlines, and schedule adequate time each week to complete the course requirements.
 4. Students **MUST** have a reliable personal computer and internet service that meets the minimum requirement of the course software and course web sites. It is recommended that you use a PC to do your assignments. Some options are not available for a Mac including Microsoft Access and the Office suite is not available for Chromebooks.
 5. Students **MUST possess computer skills** necessary to:
 - Access internet sites, create accounts, locate and read "site user manuals."
 - Download and install software on their personal computers
 - Manage files on their storage devices,
 - Use computer applications, internet browsers, email, and system utilities
 6. Students **MUST** have reliable access to the Microsoft Office Suite 2016 or 365 that includes **Word, PowerPoint, Excel, and Access**.
 7. Students **MUST** purchase an access code for the required textbook and assignments during the first week of class.
 8. Students **MUST** realize that family obligations, work schedules, number of courses enrolled, and other life events do **not** supersede this course's requirements, due dates, assignments, or deadlines. Neither do they justify a request for extended time.

EXPECTATIONS:

1. Students are expected to use the PJC Lab to complete quizzes, exams, and assignments when they are experiencing technical problems with their personal computer or internet provider. PJC provides computers with the necessary software and internet connections in the campus labs.
2. Students are expected to schedule an appointment with the instructor when questions arise that cannot be adequately addressed via email or phone and require a demonstration or face to face help.
3. Students are expected to attempt, complete, and submit all assignments, quizzes, and exams within their respective scheduled time-period.
4. Students are expected to login, read and comply with all announcements, documents, instructions, etc.

If you experience technical difficulties logging into your Bb course contact helpdesk@parisjc.edu. Customer Service contact information for SAM is located on your SAM login page.

Open labs are available in the Library and room 150 of the Applied Science building on the Paris campus, room 121 on the Greenville Campus and room 103 of the Sulphur Springs Center.

You must attend class and complete the First Assignment located in Blackboard by September 20 at midnight in order to remain in the class. Students who have not attended or who do not complete the assignment by the due date will be dropped from this class.

Students must obtain a Cengage Unlimited access code in order to complete the class. Your book, assignments, quizzes and exams will be available through the access code.

Class Attendance:

Class attendance is critical for the successful completion of this course. *For online courses, students must complete work in a timely manner and follow due dates.* Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of “W” is Thursday, November 19, 2020

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, IPods, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others will be referred to the Vice President of Student Access and Success for disciplinary action such as dismissal from the college. *These students will immediately receive a score of zero on the exam/assignment in question with no possibility of makeup work and will forego the right to receive any bonus points for the remainder of the semester. Students who are suspected of cheating due to questionable activities may be required to prove their innocence.*

ADA Statement

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student’s responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Catalog or Student Handbook.

**BCIS 1301.250

Meeting Location: Online
Meeting Days: NA
Meeting Times: NA

COVID-19

Paris Junior College will continue to monitor and assess the COVID-19 impact on the communities served. Per CDC guidelines:

- All COVID-19 vaccines currently available in the United States have been shown to be safe and effective at preventing COVID-19. Getting vaccinated yourself may also protect people around you, [particularly people at increased risk for severe illness from COVID-19.](#)

- Anyone on PJC campus/property will be expected to govern themselves by the CDC's cleaning and disinfection, hand hygiene, and respiratory etiquette.

Masks are no longer required on a PJC campus. However, if you have not been vaccinated, you should consider wearing a mask to protect your own health.

Course Description:

Introduces and develops foundational skills in applying essential and emerging business productivity information technology tools. The focus of this course is on business productivity software applications, including word processing, spreadsheets, databases, presentation graphics, data analytics, and business-oriented utilization of the internet.

3 Credit Hours 2 Lecture Hours 4 Lab Hours

Required Textbook(s) and Materials:

Cengage Unlimited

(4 Months) 978-0-357-70000-6

You will be able to purchase this code by logging into your Blackboard class and clicking on the Assignments link in the left navigation pane. You can then click on any assignment folder and be linked to Cengage where you set up an account and either enter an access code if you purchased it at the book store, or purchase the code from Cengage. The code will give you access to all assignments and the textbook. You **MUST** have this code to complete the class.

USB Flash drive to save your assignments if you are working on a public computer (including the computers in Paris, Greenville, and Sulphur Springs centers.)

Course Goals and Objectives:

Upon successful completion of this course, students will:

1. Describe the fundamentals of computing infrastructure components: hardware, application software, operating systems, and data communications systems.
2. Delineate and discuss societal issues related to computing, including the guiding principles of professional and ethical behavior.

3. Demonstrate the ability to create and use documents, spreadsheets, presentations and databases in order to communicate and store information as well as to support problem solving.
4. Describe the need and ways to maintain security in a computing environment.

Course Schedule:

Course Calendar BCIS 1305

Schedule may change at Instructor's discretion...

Due Dates are the dates that the corresponding assignments, quizzes or exams are due. Anything that is due but not submitted at this time will receive a zero. This will bring down the grade showing in Blackboard or SAM.

Due Date: June 4	Purchase Cengage Unlimited Purchase a USB Flash if working on a public computer. Read all documents in Blackboard and view SAM and Blackboard Videos. Complete First Assignment (Located on Assignments Page in Blackboard) (A) Word – Module 1 – Textbook Project (B) Word – Module 1 – SAM Project 1a (C) Word 1 Quiz
Due Date: June 7	(D) Word – Module 2 – Textbook Project (E) Word – Module 2 – SAM Project (F) Word 2 Quiz (G) Word Exam
Due Date: June 10	(H) PowerPoint– Module 1 – Textbook Project (I) PowerPoint – Module 1 – SAM Project 1a (J) PowerPoint 1 Quiz
Due Date: June 13	(K) PowerPoint – Module 2 – Textbook Project (L) PowerPoint – Module 2 – SAM Project (M) PowerPoint 2 Quiz (N) PowerPoint Exam
Due Date: June 17	(O) Excel – Module 1 – Textbook Project (P) Excel – Module 1 – SAM Project (Q) Excel 1 Quiz
Due Date: June 20	(R) Excel – Module 2 – Textbook Project (S) Excel – Module 2 – SAM Project (T) Excel 2 Quiz
Due Date: June 24	(U) Excel – Module 3 – Textbook Project (V) Excel – Module 3 – SAM Project (W) Excel 3 Quiz
Due Date: June 27	(X) Excel– Module 4 – Textbook Project (Y) Excel – Module 4 – SAM Project (Z) Excel 4 Quiz (ZA) Excel Exam
Due Date: July 1	(ZB) Access – Module 1 – Textbook Project (ZC) Access – Module 1 – SAM Project 1a (ZD) Access 1 Quiz
Due Date: July 5	(ZE) Access-Module 2-Textbook Project (ZF) Access-Module 2- SAM Project 1a (ZG) Access-Module 2 Quiz
Due Date: July 8	(ZH) Access Exam (ZI) Final Exam

Course Requirements and Evaluation:

All quizzes, exams, and projects will close at midnight on the due date listed. If you miss the due date, a zero will be entered as the grade for said assignment. Once closed, quizzes, exams, and projects will not be re-opened for any reason. Make sure that you keep up! *Failure to do so usually results in a failing grade.*

The grade that you see in Cengage or Blackboard is a running average which means that it averages only what has been submitted and does not average in assignments that are due but not submitted. When I pull grades, zeros will be added for missing assignments and the grade will be lower than what you see online.

The following formula/criteria will be used to determine your Final Course Grade:

40% EXAMS

40% Labs and Assignments

20% Quizzes

COURSE GRADE = (Average Exams * .40) + (Average Assignments * .40) + (Average Quizzes *.20)

GRADE SCALE is based on calculated Course average:

90 – 100 = A

80 – 89 = B

70 – 79 = C

60 – 69 = D

0 – 59 = F

EXAMS(40%):

Exams demonstrate the students acquired skill of a software application. There will be four Hands-On Application Exams scheduled at your Cengage course throughout the semester for Word, PowerPoint, Excel, and Access. The availability dates for these exams are listed in your course Calendar and at Cengage. Make a note of these dates and mark them on your personal calendar. There will also be one, multiple choice, Final Exam.

ASSIGNMENTS (40%):

There will be a Textbook project and a SAM Project for each module.

Textbook Projects: There will be a folder on the Assignments link in Blackboard for each module that is assigned. There will be a video located in the folder to walk you through the textbook projects. This folder will also contain a link to a textbook project, SAM project and quiz for each module with links to your Start File and any resource files needed for each one. There are also step-by-step instructions in the book for Textbook assignments.

Cengage Projects: Cengage projects will consist of an instructional document, a start file, and a resource file, if applicable and links can be found in the related folder on the Assignments page. The start file will include a student's identifying code for project submission and grading. Once the assignment is submitted, it will be graded and an in-depth explanation of errors will be provided. The student will have an opportunity to make corrections and resubmit the document two more times before the respective project's availability period terminates totaling

three attempts for each assignment. The students' highest grade of the three attempts will be recorded as the assignment grade. All attempts must be completed during the availability time of the project.

QUIZZES (20%):

Quizzes are scheduled after each chapter. It is recommended that you read the corresponding chapter before attempting a quiz. All quizzes are "open book" and administered under the Honesty Policy. Quizzes must be completed during the assigned availability period. You will have three attempts to complete each quiz. The highest grade will be recorded as the quiz grade.

Course Policies:

This course meets via the Internet through the Blackboard [Bb] Learning Management System and Cengage Skills Assessment Manager.

REQUIREMENTS:

1. Students **MUST** understand that technical problems are not reasons for missing deadlines or due dates.
 - It is the student's responsibility to maintain reliable computer equipment and internet service.
 - It is the student's responsibility to attempt assignments in a timely manner, giving them enough time to complete the assignment.
2. Students **MUST** be **independent, self-motivated learners** to be successful in an internet or hybrid course.
3. Students **MUST** be excellent time managers, seldom miss deadlines, and schedule adequate time each week to complete the course requirements.
4. Students **MUST** have a reliable personal computer and internet service that meets the minimum requirement of the course software and course web sites. It is recommended that you use a PC to do your assignments. Some options are not available for a Mac including Microsoft Access and the Office suite is not available for Chromebooks.
5. Students **MUST possess computer skills** necessary to:
 - Access internet sites, create accounts, locate and read "site user manuals."
 - Download and install software on their personal computers
 - Manage files on their storage devices,
 - Use computer applications, internet browsers, email, and system utilities
6. Students **MUST** have reliable access to the Microsoft Office Suite 2019 or 365 that includes **Word, PowerPoint, Excel, and Access**. Instructions for downloading the software are on the Start Here page for this class.
7. Students **MUST** purchase an access code for the required textbook and assignments during the first week of class.
8. Students **MUST** realize that family obligations, work schedules, number of courses enrolled, and other life events do **not** supersede this course's requirements, due dates, assignments, or deadlines. Neither do they justify a request for extended time.

EXPECTATIONS:

1. Students are expected to use the PJC Lab to complete quizzes, exams, and assignments when they are experiencing technical problems with their personal computer or internet provider. PJC provides computers with the necessary software and internet connections in labs on the Paris campus and the Greenville and Sulphur Springs centers.
2. Students are expected to schedule an appointment with the instructor when questions arise that cannot be adequately addressed via email or phone and require a demonstration or face to face help.
3. Students are expected to attempt, complete, and submit all assignments, quizzes, and exams within their respective scheduled time-period.
4. Students are expected to login, read and comply with all announcements, documents, instructions, etc.
5. Students are expected to have access to a personal computer with Microsoft Office 2019 or Office 365. There are instructions on the Start Here page for this class for downloading the software if you do not already have access. **Projects will not work on a Chromebook and many will not work on a Mac.**

If you experience technical difficulties logging into your Bb course contact helpdesk@parisjc.edu. Customer Service contact information for CENGAGE is located on your CENGAGE login page.

Open labs are available in the Library and room 150 of the Applied Science building on the Paris campus, room 121 at the Greenville Center and room 103 of the Sulphur Springs Center.

You must attend class and complete the First Assignment located in Blackboard by **June 6**, at midnight in order to remain in the class. Students who have not attended or who do not complete the assignment by the due date will be dropped from this class.

Students must obtain a Cengage Unlimited access code in order to complete the class. Your book, assignments, quizzes and exams will be available through the access code.

Class Attendance:

Class attendance is critical for the successful completion of this course. *For online and hybrid courses, students must complete work in a timely manner and follow due dates.* Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is **July 3**. You will need to go to mypjc.parisjc.edu and log in to fill out the withdrawal form **before** this date in order to be dropped from the class.

Class Conduct:

All cell phones, personal digital assistants (PDAs) and other electronic devices must be turned off or in silent mode while in class. Under no circumstances should a cell phone or other electronic device sound during class. If a cell phone or other electronic device does sound during class the student may be asked to leave for the remainder of the period. The only exception to this rule includes peace officers, EMT, EMS, or other emergency personnel, and their devices should be in silent mode.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others

will be referred to the Vice President of Student Access and Success for disciplinary action such as dismissal from the college. *These students will immediately receive a score of zero on the exam/assignment in question with no possibility of makeup work and will forego the right to receive any bonus points for the remainder of the semester. Students who are suspected of cheating due to questionable activities may be required to prove their innocence.*

ADA Statement

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Catalog or Student Handbook.

COVID-19

Paris Junior College will continue to monitor and assess the COVID-19 impact on the communities served. Per CDC guidelines:

- All COVID-19 vaccines currently available in the United States have been shown to be safe and effective at preventing COVID-19. Getting vaccinated yourself may also protect people around you, [particularly people at increased risk for severe illness from COVID-19](#).
- Anyone on PJC campus/property will be expected to govern themselves by the CDC's cleaning and disinfection, hand hygiene, and respiratory etiquette.

Masks are no longer required on a PJC campus. However, if you have not been vaccinated, you should consider wearing a mask to protect your own health.

Course Description:

Fundamental business principles including structure, functions, resources, and operational processes. The student will identify business functions of accounting, management, marketing, and economics; and describe the relationships of social responsibility, ethics, and law; and describe the scope of global business enterprise.

3 Credit Hours 3 Lecture Hours 0 Lab Hours

Prerequisite(s): It is highly recommended that the student has computer and/or keyboarding skills or be concurrently enrolled in a computer and/or keyboarding class to successfully complete this course. This course does not attempt to teach basic computer skills.

Required Textbook(s) and Materials:

Foundations of Business, 7th edition.

Pride/Hughes/Kapoor

Bundled with a Loose-leaf Version + MindTap, 1 term (6 months) Printed Access Card

Cengage Learning

ISBN: 978-0-357-74886-2

Students can opt to purchase Cengage Unlimited:

Cengage Unlimited is the first-of-its-kind digital subscription that gives students total and on-demand access to all the digital learning platforms, ebooks, online homework and study tools Cengage has to offer—in one place, for one price. It's unlimited all-you-can-learn access to a library of more than 22,000 products for \$119.99 per semester, no matter how many Cengage materials students use. A Cengage Unlimited subscription is less than the cost of individual Cengage course materials.

(Digital resources) are required for this course. You can purchase the subscription (digital access) at the bookstore or directly from Cengage at Cengagebrain.com when you register your course materials.

If you purchase a Cengage Unlimited subscription, you can access all digital course materials without any additional cost. With Cengage Unlimited access, all digital Cengage course materials for this term are provided with your subscription. **No additional purchase is required.** Please note that if the total cost for Cengage course materials for all your courses exceeds \$119.99, then Cengage Unlimited is the best value for this course.

An optional hard copy text can be rented for only the cost of shipping (\$7.99 – includes return) or loose-leaf texts can be purchased at a nominal cost at the end of the subscription. Details are available once you activate your Cengage Unlimited subscription.

From a cost standpoint, Cengage Unlimited is the best value because it includes ALL published materials that Cengage offers.

Other Course Materials:

MindTap Printed Access Card (bundled with textbook).

Access to the Internet, e-mail, and Microsoft Office 365 (includes Word, Excel, Access, and PowerPoint) must be installed on your home computer if you work on your assignments at home. If you work on your assignments on campus, the software is already installed on those computers.

Please see BlackBoard “Announcements” for a downloadable link for Microsoft Office 365. If you have trouble downloading the software, please reach out to the IT Help Desk at helpdesk@parisjc.edu.

If you are the only user of your computer, you may store your documents on your hard drive. If you cannot, it is recommended that you buy a USB Flash Memory Drive (jump drive). Try to buy one with at least 1TB of memory which will store all of your documents which can be used for other courses too. You can get the flash drives at WalMart or any other store that sells flash drives. The PJC Bookstore also has them for sale. You can use grant money to buy one at the bookstore.

Basic computer Requirements: Generally, a computer manufactured within the last five years is adequate.

Course Goals and Objectives:

Upon successful completion of this course, the student will have:

1. Identified business functions relating to accounting, management, marketing, and economics
2. Described the relationships of social responsibility, ethics, and law
3. Described the scope of global business enterprise

Student Learning Outcomes:

1. Evaluated the business functions including structure, functions, resources, and operational processes
2. Demonstrated proficiency using industry application software
3. Applied business concepts, practices, and/or techniques or ethical principles to effectively manage an organization

Course Schedule:

Week 1:	IceBreaker Discussion Board Syllabus Quiz Register for MindTap
Week 2:	Chapter 1: Exploring the World of Business and Economics
Week 3:	Chapter 2: Ethics and Social Responsibility in Business
Week 4:	Chapter 3: Global Business Part 1 Video Project
Week 5:	Chapter 4: Choosing a Form of Business Ownership
Week 6:	Chapter 5: Small Business, Entrepreneurship, and Franchises Part 2 Video Project
Week 7:	Chapter 6: Understanding the Management Process
Week 8:	Chapter 7: Creating a Flexible Organization
Week 9	Chapter 8: Producing Quality Goods and Services Part 3 Video Project
Week 10	Chapter 14: Exploring Social Media and e-Business
Week 11	Complete any missing assignments

Course Requirements and Evaluation:

The first assignment is a Syllabus Quiz and an IceBreaker Discussion Board Forum which the student must complete before the Official Reporting Day (**June 20**) to avoid being dropped.

This is an **11-week** course that runs from **June 3** to **August 15**.

This course does not attempt to teach basic use of a computer. All students must be able to search the Internet, send e-mail, and perform other basic computer tasks. Students without these computer skills should not enroll in the course.

Course will be presented via **BlackBoard** and **MindTap**. The student will use the access code (purchased with the textbook) to access course documents, assessments, and exams. Students are expected to access this course a minimum of three times a week to keep current with course activities.

Student is responsible for the following:

- Purchase required materials
- Access to necessary computer resources
- Read assigned material as on schedule
- Complete all homework assignments on time
- Prepare diligently for quizzes and examinations
- Take quizzes and examinations as scheduled
- **Inquire** if you do not comprehend the material
- Follow the policies set forth in this syllabus and as specified by the college

Due to the type of material that must be covered within this course, students will be required to accomplish an extensive amount of reading, studying and solving homework problems. It is vital for students not to fall behind as it will be quite challenging to catch up. Students are to be held responsible for learning all the material in the textbook, the information provided in each chapters PowerPoint, and homework problems. Students are encouraged to study with classmates to assist in mastery of the course content.

There is **NO** Final Exam for this course.

Chapter Assessments: All chapter assessments will be completed through BlackBoard where all assessments are linked to **MindTap**. There is no time limit. NO makeup or extra credit will be given. Students should be familiar with the subject matter before attempting the exams. The due date of each chapter and exams are listed in the schedule which can be accessed from the Homepage of your BlackBoard course.

For each assessment you will have **three (3) attempts**. Please read and follow the assessment instructions carefully.

Orientation: Students are expected to read and become familiar with the Syllabus and the course calendar. Students should also become familiar with the content and location of all items in the course.

If a student needs to discuss an assessment or needs help completing assessments, the student should e-mail the Instructor and/or come to the PJC Paris campus for individual instruction with the Instructor. The Instructor is always willing to tutor and/or help in successfully completing the course.

Grades:

Grades are based on a point system for completion of assessments which include assessments, learn its, case activities, Parts 1 - 3 Video Projects, a BlackBoard Discussion Forum, and a BlackBoard Syllabus Quiz.

All work will be graded for completeness, accuracy, and punctuality. All work must be submitted by the due date schedule. A grade of zero (0) will be recorded for any assessment which is not submitted. No late assignments accepted. No make-up or extra credit is awarded.

Successful online learners are good at scheduling their time in an organized manner. Remember that your work can be done from anywhere on any computer that has Internet access and Microsoft Office 365.

Letter grades will be assigned based on the following point scale:

575 – 639 = A	90 - 100 = A
511 – 574 = B	80 - 89 = B
447 – 510 = C	70 - 79 = C
383 – 446 = D	60 - 69 = D
0 – 382 = F	0 - 59 = F

The assessments are broken-down as follows:
Syllabus Quiz = 1 assessment
BlackBoard Discussion Board Forum = 1 assessment
Assessments = 9 assessments
Learn Its = 56 assessments
Case Activities = 9 assessments
Part 1 – 3 Video Projects = 3 assessments

Checking your Grade:

To check your grades, click the “Grades” tab. BlackBoard may show only the total number of points possible for each assessment and your score. The total points possible for the course may include work which you have not been assigned yet. To turn any score into a percentage, divide the number of points you received by the number of points possible.

Viewing Grades:

Grades are normally posted in BlackBoard as soon as the assignment is completed or a couple hours thereafter.

All chapter assessments will be completed by logging into **BlackBoard**, select a “chapter,” and then select the “assessment” you are wanting to complete. Once you have selected the assessment, the “**MindTap**” window will appear and you can then begin working on the assessment.

Course Procedures:

- **Microsoft Office 365** and **MindTap** are required for this course.
- A student is expected to be regular and punctual in submitting assignments. Failure to complete required assignments will negatively affect the student’s final grade. Deadlines are established at the beginning of the semester.
- Contact your Instructor immediately if an emergency arises and you are unable to submit your work or attend class as required.
- If you find that you cannot complete the course for any reason, contact your Instructor and refer to your college catalog for withdrawal procedures.
- Students must check the course frequently for announcements, and students must actively participate in class discussions.
- Minimum of **10 hours per week** of computer time is required for students to complete assessments. More computer time may be required, depending on your typing speed and computer knowledge.
- See the course schedule for when assignments are due.

Open lab:

AS 152

One-on-one tutoring available (e-mail for an appointment)

Course Policies

All assessments and due dates are posted well in advance, so it is reasonable to expect quality work from students submitted well before the due date. If you do not procrastinate, there should be no reason you cannot submit assessments promptly. Plan on turning in all work by the due date – there will be no make-up work or extra credit given.

You will find all the assessments for **MindTap** are linked into BlackBoard. You will need the Access card that was included with the textbook sold by the PJC Bookstore. If you purchased the textbook elsewhere, and it did not include the MindTap access card, you will need to purchase it as well. You must log into BlackBoard to complete all assignments. They must be completed before the due date. You are encouraged to work ahead in case there are questions that may arise.

ChatGPT/AI can only be used for research purposes only. Quoting ChatGPT/AI directly is strictly **prohibited** and will be considered **plagiarism**. If you use ChatGPT/AI as part of your research, remember that you must **cite** it on your resource page.

Class Attendance:

Class attendance is critical for the successful completion of this course. *For online courses, students must complete work in a timely manner and follow due dates.* Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of “W” is **July 25**.

All work is completed online. Students are expected to attend classes on a regular and punctual basis. Absences are considered unauthorized unless the absences are due to sickness, emergencies, or sanctioned school activities.

- **Check-in on a regular basis.** To be in attendance, you must be on the BlackBoard course Web site at least three (3) out of seven (7) days each week. Being present means you should be involved in any discussions and be current in turning in homework, projects, and assessments. Being present means you check your school e-mail account at least once every day.
- **Verify your course enrollment.** On the first day of the online course enter the Discussion Board. Here you will find an “IceBreaker (Student Coffee House)” forum. Students must reply to this forum in each course in order to verify their course enrollment. **If you do not complete this forum by ORD, you will be dropped from the course.**
- **Plan on spending at least two hours of work time for every credit hour that the course receives.** As a rule of thumb, colleges assume that you will attend as many hours as are listed in the credit hours, then do homework and prepare in an equivalent number of hours during each week. In an online course, the distinction between attendance and study hours is removed, but the same minimum amount of time is necessary. In actual practice, some courses take many more hours of study.
- **Your Instructor can tell if you are visiting the course site.** There are tools in BlackBoard that allow your Instructor to get general statistics about how often you visit the course site. Sometimes, they can even tell you have visited specific parts.

Students that have never attended class before the Official Reporting Day (ORD) will be withdrawn from the course by the institution. Students enrolled in an online course must “log in” and complete the week one assignment (Syllabus Quiz and IceBreaker Discussion Board) before ORD to be considered an active student or to be considered attending class.

Please consult the Paris Junior College Student Handbook to review all policies and procedures.

Instructor Response and Availability:

The Instructor’s preferred method of contact is e-mail. The Instructor will answer e-mail as soon as possible. If an e-mail was sent Monday – Wednesday, expect a response within 24 hours

except for holidays and closures. If you have not heard from the Instructor within a reasonable time frame, please send another e-mail.

If the e-mail was sent Thursday – Sunday, expect an answer on Monday or Tuesday except for holidays and closures.

If you have a question, please be sure to put “BUSG 1301 Question” or “BUSG 1301 Question About” as the subject line of the e-mail message. If you do, you are likely to get a faster response. Please include your name on all correspondence.

Dragonmail is the primary contact e-mail for students. Please check your e-mail daily. In addition, please check “Announcements” in BlackBoard daily.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPods, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the Student Handbook.

Netiquette:

Netiquette is another word for online communication guidelines. Netiquette can be summarized by three simple understandings: remember that there is a human being on the other end of your communication, treat that human being with respect, and do not transmit any message that you wouldn't be willing to communicate face to face. Due to the nature of the online environment, here are some things to remember:

1. Be careful what you write about others.
2. Avoid offensive language, especially comments that might be construed as discriminatory.
3. Be careful with humor and sarcasm. One person's humorous comment may push another person's buttons or may even be seen as offensive.
4. Avoid putting words into full capitals. Online, all-caps is considered SHOUTING.
5. Write descriptive subject lines. Some people receive so much email that they begin to delete some messages without viewing them. To avoid this fate, make sure your subject lines are descriptive.
6. Use writing tricks like "emoticons," acronyms, and extra punctuation, but use them judiciously.
7. Respect other people's intellectual property. Don't post, display, or otherwise provide access to materials belonging to others, and cite references as appropriate.
8. Always think before you write. In other words without the use of non-verbal's with your message, your message can be misinterpreted. So please think twice before you hit submit.
9. Keep it relevant. Do not stray from the discussion in the assigned questions.
10. Make sure that you are using appropriate grammar and structure. In other words, I don't want to see anyone writing “R U” instead of “are you”. There are people in the class that may not understand this type of abbreviation, not to mention it does nothing to help expand your writing and vocabulary skills. **Two (2) Points will be deducted for grammatical errors, punctuation errors, spelling errors, or any other errors found in an assessment.**
11. Treat people the same as you would face-to-face. In other words, it is easy to hide behind the computer. In some cases, it empowers people to treat others in ways they would not

in person. Remember there is a person behind the name on your screen. Treat all with dignity and respect and you can expect that in return.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others will be referred to the Vice President of Student Access and Success for disciplinary action such as dismissal from the college. *These students will immediately receive a score of zero on the exam/assignment in question with no possibility of makeup work and will forego the right to receive any bonus points for the remainder of the semester. Students who are suspected of cheating due to questionable activities may be required to prove their innocence.*

ADA Statement

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Catalog or Student Handbook.

Important Dates:

Official Report Date is **June 20**.

Last Day to Drop Classes with a "W" is **July 25**.

Independence Day Holiday is **July 4**.

Final Exams is **August 14 - 15**.

All assignments must be completed by **11:59 p.m., Wednesday, August 14**.

The above schedule, policies, procedures and assessments in this course are subject to change in the event of extenuating circumstances. If you have any questions or concerns about the syllabus, please e-mail the Instructor so that these concerns may be addressed.

Course BUSG 1301

Title Introduction to Business

Description

Fundamental business principles including structure, functions, resources, and operational processes. The student will identify business functions of accounting, management, marketing, and economics; and describe the scope of global business enterprise.

Textbooks

Foundations of Business, 7th edition.
Pride/Hughes/Kapoor.
Loose-leaf Version + MindTap Business, 1 term (6 months) Printed Access Card
Cengage Learning
ISBN: 978-0-357-74886-2

Student Learning Outcomes (SLO)

Identify business functions of accounting, management, marketing, and economics; and describe the relationships of social responsibility, ethics, and law; and describe the scope of global business enterprise.

Schedule

Week 1: Introduction and Syllabus Quiz
Week 2: Chapter 1
Week 3: Chapter 2
Week 4: Chapter 3 & Part 1
Week 5: Chapter 4
Week 6: Chapter 5 & Part 2
Week 7: Chapter 6
Week 8: Chapter 7
Week 9: Chapter 8 & Part 3
Week 10: Chapter 14
Week 11: Complete any missing assignments

This schedule is a rough guide only and is subject to change as the semester progresses.

Evaluation methods

Grades are based on a point system for completion of assessments which include Assessments, Video Quizzes, Learn Its, Part 1 - 3 Activities, a BlackBoard Discussion Forum, and a BlackBoard Syllabus Quiz. All work will be graded for completeness, accuracy, and punctuality. All work must be submitted by the due date schedule. A grade of zero (0) will be recorded for any assessment which is not submitted. No late assignments accepted. No make-up or extra credit is awarded. Successful online learners are good at scheduling their time in an organized manner. Remember that your work can be done from anywhere on any computer that has Internet access and Microsoft Office 365.

Letter grades will be assigned based on the following point scale:

575 - 639 = A

511 - 574 = B

447 - 510 = C

383 - 446 = D

0 - 382 = F

The assessments are broken-down as follows:

Syllabus Quiz = 1 assessment

BlackBoard Discussion Board Forum = 1 assessment

Assessments = 8 assessments

Video Quizzes = 8 assessments

Learn Its - 56 assessments

Part 1 -3 Activities = 3 assessments

Grades are usually posted in BlackBoard immediately or a couple hours after you submit the assessment(s).

Office Hours: Monday and Wednesday 1:00 – 4:00

Meeting Location: SSC 113

Meeting Days: Monday/Wednesday

Meeting Times: 10a-12p

COVID-19

Paris Junior College will continue to monitor and assess the COVID-19 impact on our community and the safety of all PJC community members (students, faculty and staff) and campus visitors. PJC may adjust hours, services and instructional modes as necessitated by the pandemic. We all need to be fully prepared for changes in daily practices to keep us healthy and our campus safe.

Strict adherence to the following will be in place effective August 1, 2020:

- Anyone on PJC campus/property, must wear a mask/face covering that covers the wearer's nose and mouth; face coverings can be disposable or cloth.
- Anyone on PJC campus/property will be expected to observe social distancing practices, and as outlined by facility signs and instructions.
- Anyone on PJC campus/property will be expected to govern themselves by the CDC's cleaning and disinfection, hand hygiene, and respiratory etiquette; students will be provided training on these topics.
- Students will be expected to pick-up a disinfecting wipe upon entering a classroom or laboratory and disinfect their workstation prior to sitting down.

PJC will continue to monitor the pandemic in order to take all precautions necessary to maintain a safe and healthy environment for our campus. Please continue to check the PJC website and your DragonMail before coming to campus for any updates that might affect you.

Course Description:

Overview of computer systems—hardware, operating systems, the Internet, and application software including word processing, spreadsheets, presentation graphics, and databases. Current topics such as the effect of computers on society, and the history and use of computers in business, educational, and other interdisciplinary settings are also studied. This course is not intended to count toward a student's major field of study in business or computer science.

3 Credit Hours 2 Lecture Hours 4 Lab Hours

Required Textbook(s) and Materials:

Cengage Unlimited

(4 Months) 978-0-357-70000-6

USB Flash drive

Course Goals and Objectives:

Upon successful completion of this course, students will:

1. Describe the fundamentals of computing infrastructure components: hardware, application software, operating systems, and data communications systems.

2. Delineate and discuss societal issues related to computing, including the guiding principles of professional and ethical behavior.
3. Demonstrate the ability to create and use documents, spreadsheets, presentations and databases in order to communicate and store information as well as to support problem solving.
4. Describe the need and ways to maintain security in a computing environment.

Course Schedule:

Week 1: Intro to CENGAGE and Fundamentals of Information Technology Concepts
Week 2 Creating and Modifying a Flyer
Week 3 Creating a Research Paper
Week 4 Creating a Business Letter
Week 5 Word Assessment
Week 6 Creating a Worksheet and a Chart
Week 7 Formulas, Functions, and Formatting
Week 8 Spreadsheet Assessment
Week 9 Databases and Database Objects: An Intro
Week 10 Querying a Database
Week 11: Database Assessment
Week 12 Creating and Editing Presentations with Pictures
Week 13 Enhancing Presentations with Shapes and SmartArt
Week 14 Inserting WordArt, Charts, and Tables
Week 15: PowerPoint Assessment and Final Exam

Course Requirements and Evaluation:

All quizzes, exams, and projects will close at midnight on the due date listed. If you miss the due date, a zero will be entered as the grade for said assignment. Once closed, quizzes, exams, and projects will not be re-opened for any reason. Make sure that you keep up! *Failure to do so usually results in a failing grade.*

We will be submitting midterm grades this semester. This means that everything that is due by midterm must be submitted by the due date.

The following formula/criteria will be used to determine your Final Course Grade:

40% EXAMS

40% Labs and Assignments

20% Quizzes

COURSE GRADE = (Average Exams * .40) + (Average Assignments * .40) + (Average Quizzes *.20)

GRADE SCALE is based on calculated Course average:

90 – 100 = A

80 – 89 = B

70 – 79 = C

60 – 69 = D

0 – 59 = F

EXAMS(40%):

Exams demonstrate the students acquired skill of a software application. There will be four Hands-On Application Exams scheduled at your Cengage course throughout the semester for Word, PowerPoint, Excel, and Access. The availability dates for these exams are listed in your course Calendar and at Cengage. Make a note of these dates and mark them on your personal calendar. There will also be one, multiple choice, Final Exam.

ASSIGNMENTS (40%):

There will be two projects for each chapter. Instructions for the textbook projects are located in the corresponding chapter for the assignment. Textbook projects have step-by-step instructions. The Start file and any resource files for textbook projects must be downloaded from Cengage. Cengage projects will consist of an instructional document, a start file, and a resource file, if applicable. This start file will include a student's identifying code for project submission and grading. Once the assignment is submitted, it will be graded and an in-depth explanation of errors will be provided. The student will have an opportunity to make corrections and resubmit the document twice before the respective project's availability period terminates totaling three attempts for each assignment. The students' highest grade of the three attempts will be recorded as the assignment grade. All attempts must be completed during the availability time of the project.

QUIZZES (20%):

Quizzes are scheduled after each chapter. It is recommend that you read the corresponding chapter before attempting a quiz. All quizzes are "open book" and administered under the Honesty Policy. Quizzes must be completed during the assigned availability period. You will have three attempts to complete each quiz. The highest grade will be recorded as the quiz grade.

Course Policies:

This course meets in the Applied Science building in room 142 on the Paris Campus and via the internet and through the Blackboard [Bb] Learning Management System and Cengage Skills Assessment Manager.

REQUIREMENTS:

1. Students ***MUST*** understand that technical problems are not reasons for missing deadlines or due dates.
 - It is the student's responsibility to maintain reliable computer equipment and internet service.
 - It is the student's responsibility to attempt assignments in a timely manner, giving them enough time to complete the assignment.
2. Students ***MUST*** be **independent, self-motivated learners** to be successful in an internet or hybrid course.
3. Students ***MUST*** be excellent time managers, seldom miss deadlines, and schedule adequate time each week to complete the course requirements.

4. Students **MUST** have a reliable personal computer and internet service that meets the minimum requirement of the course software and course web sites. It is recommended that you use a PC to do your assignments. Some options are not available for a Mac including Microsoft Access and the Office suite is not available for Chromebooks.
5. Students **MUST possess computer skills** necessary to:
 - Access internet sites, create accounts, locate and read “site user manuals.”
 - Download and install software on their personal computers
 - Manage files on their storage devices,
 - Use computer applications, internet browsers, email, and system utilities
6. Students **MUST** have reliable access to the Microsoft Office Suite 2016 or 365 that includes **Word, PowerPoint, Excel, and Access**.
7. Students **MUST** purchase an access code for the required textbook and assignments during the first week of class.
8. Students **MUST** realize that family obligations, work schedules, number of courses enrolled, and other life events do **not** supersede this course’s requirements, due dates, assignments, or deadlines. Neither do they justify a request for extended time.

EXPECTATIONS:

1. Students are expected to use the PJC Lab to complete quizzes, exams, and assignments when they are experiencing technical problems with their personal computer or internet provider. PJC provides computers with the necessary software and internet connections in the campus labs.
2. Students are expected to schedule an appointment with the instructor when questions arise that cannot be adequately addressed via email or phone and require a demonstration or face to face help.
3. Students are expected to attempt, complete, and submit all assignments, quizzes, and exams within their respective scheduled time-period.
4. Students are expected to login, read and comply with all announcements, documents, instructions, etc.

If you experience technical difficulties logging into your Bb course contact helpdesk@parisjc.edu. Customer Service contact information for CENGAGE is located on your CENGAGE login page.

Open labs are available in the Library and room 150 of the Applied Science building on the Paris campus, room 121 on the Greenville Campus and room 103 of the Sulphur Springs Center.

You must attend class and complete the First Assignment located in Blackboard by September 20, at midnight in order to remain in the class. Students who have not attended or who do not complete the assignment by the due date will be dropped from this class.

Students must obtain a Cengage Unlimited access code in order to complete the class. Your book, assignments, quizzes and exams will be available through the access code.

Class Attendance:

Class attendance is critical for the successful completion of this course. *For online courses, students must complete work in a timely manner and follow due dates.* Withdrawals must be

initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is Thursday, November 19, 2020.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPods, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others will be referred to the Vice President of Student Access and Success for disciplinary action such as dismissal from the college. *These students will immediately receive a score of zero on the exam/assignment in question with no possibility of makeup work and will forego the right to receive any bonus points for the remainder of the semester. Students who are suspected of cheating due to questionable activities may be required to prove their innocence.*

ADA Statement

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Catalog or Student Handbook.

Office Hours: By Appointment

Meeting Location: AS 128
Meeting Days: Tuesday/Thursday
Meeting Times: 10:20AM – 12:30 PM

COVID-19

Paris Junior College will continue to monitor and assess the COVID-19 impact on the communities served. Per CDC guidelines:

- All COVID-19 vaccines currently available in the United States have been shown to be safe and effective at preventing COVID-19. Getting vaccinated yourself may also protect people around you, [particularly people at increased risk for severe illness from COVID-19.](#)

- Anyone on PJC campus/property will be expected to govern themselves by the CDC's cleaning and disinfection, hand hygiene, and respiratory etiquette.

Masks are no longer required on a PJC campus. However, if you have not been vaccinated, you should consider wearing a mask to protect your own health.

Course Description:

Overview of computer systems—hardware, operating systems, the Internet, and application software including word processing, spreadsheets, presentation graphics, and databases. Current topics such as the effect of computers on society, and the history and use of computers in business, educational, and other interdisciplinary settings are also studied. This course is not intended to count toward a student's major field of study in business or computer science.

3 Credit Hours 2 Lecture Hours 4 Lab Hours

Required Textbook(s) and Materials:

Cengage Unlimited
(4 Months) 978-0-357-70000-6

You will be able to purchase this code by logging into your Blackboard class and clicking on the Assignments link in the left navigation pane. You can then click on any assignment folder and be linked to Cengage where you set up an account and either enter an access code if you purchased it at the book store, or purchase the code from Cengage. The code will give you access to all assignments and the textbook. You **MUST** have this code to complete the class.

USB Flash drive to save your assignments if you are working on a public computer (including the computers in Paris, Greenville, and Sulphur Springs centers.)

Course Goals and Objectives:

Upon successful completion of this course, students will:

1. Describe the fundamentals of computing infrastructure components: hardware, application software, operating systems, and data communications systems.
2. Delineate and discuss societal issues related to computing, including the guiding principles of professional and ethical behavior.

3. Demonstrate the ability to create and use documents, spreadsheets, presentations and databases in order to communicate and store information as well as to support problem solving.
4. Describe the need and ways to maintain security in a computing environment.

Course Schedule:

Course Calendar COSCI301

Schedule may change at Instructor's discretion...

Due Dates are the dates that the corresponding assignments, quizzes or exams are due. Anything that is due but not submitted at this time will receive a zero. This will bring down the grade showing in Blackboard or SAM.

Due Date: July 16	Purchase Cengage Unlimited Purchase a USB Flash if working on a public computer. Read all documents in Blackboard and view SAM and Blackboard Videos. Complete First Assignment (Located on Assignments Page in Blackboard) (A) Word – Module 1 – Textbook Project (B) Word – Module 1 – SAM Project 1a (C) Word 1 Quiz
Due Date: July 18	(D) Word – Module 2 – Textbook Project (E) Word – Module 2 – SAM Project 1a (F) Word 2 Quiz
Due Date: July 23	(G) Word Exam
Due Date: July 25	(H) PowerPoint– Module 1 – Textbook Project (I) PowerPoint – Module 1 – SAM Project 1a (J) PowerPoint 1 Quiz
Due Date: July 30	(K) PowerPoint – Module 2 – Textbook Project (L) PowerPoint – Module 2 – SAM Project 1a (M) PowerPoint 2 Quiz (N) PowerPoint Exam
Due Date: August 1	(U) Excel – Module 1 – Textbook Project (V) Excel – Module 1 – SAM Project 1a (W) Excel 1 Quiz
Due Date: August 6	(X) Excel– Module 2 – Textbook Project (Y) Excel – Module 2 – SAM Project 1 (Z) Excel 2 Quiz (ZA) Excel Exam
Due Date: August 8	(ZB) Access – Module 1 – Textbook Project (ZC) Access – Module 1 – SAM Project 1a (ZD) Access 1 Quiz
Due Date: August 13	(ZE) Access-Module 2-Textbook Project (ZF) Access-Module 2- SAM Project 1a (ZG) Access-Module 2 Quiz
Due Date: August 15	(ZH) Access Exam (ZI) Final Exam

Course Requirements and Evaluation:

All quizzes, exams, and projects will close at midnight on the due date listed. If you miss the due date, a zero will be entered as the grade for said assignment. Once closed, quizzes, exams, and projects will not be re-opened for any reason. Make sure that you keep up! *Failure to do so usually results in a failing grade.*

The grade that you see in Cengage or Blackboard is a running average which means that it averages only what has been submitted and does not average in assignments that are due but

not submitted. When I pull grades, zeros will be added for missing assignments and the grade will be lower than what you see online.

The following formula/criteria will be used to determine your Final Course Grade:

40% EXAMS

40% Labs and Assignments

20% Quizzes

COURSE GRADE = (Average Exams * .40) + (Average Assignments * .40) + (Average Quizzes *.20)

GRADE SCALE is based on calculated Course average:

90 – 100 = A

80 – 89 = B

70 – 79 = C

60 – 69 = D

0 – 59 = F

EXAMS(40%):

Exams demonstrate the students acquired skill of a software application. There will be four Hands-On Application Exams scheduled at your Cengage course throughout the semester for Word, PowerPoint, Excel, and Access. The availability dates for these exams are listed in your course Calendar and at Cengage. Make a note of these dates and mark them on your personal calendar. There will also be one, multiple choice, Final Exam.

ASSIGNMENTS (40%):

There will be a Textbook project and a SAM Project for each module.

Textbook Projects: There will be a folder on the Assignments link in Blackboard for each module that is assigned. There will be a video located in the folder to walk you through the textbook projects. This folder will also contain a link to a textbook project, SAM project and quiz for each module with links to your Start File and any resource files needed for each one. There are also step-by-step instructions in the book for Textbook assignments.

Cengage Projects: Cengage projects will consist of an instructional document, a start file, and a resource file, if applicable and links can be found in the related folder on the Assignments page. The start file will include a student's identifying code for project submission and grading. Once the assignment is submitted, it will be graded and an in-depth explanation of errors will be provided. The student will have an opportunity to make corrections and resubmit the document two more times before the respective project's availability period terminates totaling three attempts for each assignment. The students' highest grade of the three attempts will be recorded as the assignment grade. All attempts must be completed during the availability time of the project.

QUIZZES (20%):

Quizzes are scheduled after each chapter. It is recommend that you read the corresponding chapter before attempting a quiz. All quizzes are “open book” and administered under the Honesty Policy. Quizzes must be completed during the assigned availability period. You will have three attempts to complete each quiz. The highest grade will be recorded as the quiz grade.

Course Policies:

This course meets in room 142 of the Applied Science building from 10:20 AM to 12:30 PM on Tuesdays and Thursdays and via the Internet through the Blackboard [Bb] Learning Management System and Cengage Skills Assessment Manager.

REQUIREMENTS:

1. Students ***MUST*** understand that technical problems are not reasons for missing deadlines or due dates.
 - It is the student’s responsibility to maintain reliable computer equipment and internet service.
 - It is the student’s responsibility to attempt assignments in a timely manner, giving them enough time to complete the assignment.
2. Students ***MUST*** be **independent, self-motivated learners** to be successful in an internet or hybrid course.
3. Students ***MUST*** be excellent time managers, seldom miss deadlines, and schedule adequate time each week to complete the course requirements.
4. Students ***MUST*** have a reliable personal computer and internet service that meets the minimum requirement of the course software and course web sites. It is recommended that you use a PC to do your assignments. Some options are not available for a Mac including Microsoft Access and the Office suite is not available for Chromebooks.
5. Students ***MUST*** possess **computer skills** necessary to:
 - Access internet sites, create accounts, locate and read “site user manuals.”
 - Download and install software on their personal computers
 - Manage files on their storage devices,
 - Use computer applications, internet browsers, email, and system utilities
6. Students ***MUST*** have reliable access to the Microsoft Office Suite 2019 or 365 that includes **Word, PowerPoint, Excel, and Access**. Instructions for downloading the software are on the Start Here page for this class.
7. Students ***MUST*** purchase an access code for the required textbook and assignments during the first week of class.
8. Students ***MUST*** realize that family obligations, work schedules, number of courses enrolled, and other life events do **not** supersede this course’s requirements, due dates, assignments, or deadlines. Neither do they justify a request for extended time.

EXPECTATIONS:

1. Students are expected to use the PJC Lab to complete quizzes, exams, and assignments when they are experiencing technical problems with their personal computer or internet

provider. PJC provides computers with the necessary software and internet connections in labs on the Paris campus and the Greenville and Sulphur Springs centers.

2. Students are expected to schedule an appointment with the instructor when questions arise that cannot be adequately addressed via email or phone and require a demonstration or face to face help.
3. Students are expected to attempt, complete, and submit all assignments, quizzes, and exams within their respective scheduled time-period.
4. Students are expected to login, read and comply with all announcements, documents, instructions, etc.
5. Students are expected to have access to a personal computer with Microsoft Office 2019 or Office 365. There are instructions on the Start Here page for this class for downloading the software if you do not already have access. **Projects will not work on a Chromebook and many will not work on a Mac.**

If you experience technical difficulties logging into your Bb course contact helpdesk@parisjc.edu. Customer Service contact information for CENGAGE is located on your CENGAGE login page.

Open labs are available in the Library and room 150 of the Applied Science building on the Paris campus, room 121 at the Greenville Center and room 103 of the Sulphur Springs Center.

You must attend class and complete the First Assignment located in Blackboard by **July 18**, at midnight in order to remain in the class. Students who have not attended or who do not complete the assignment by the due date will be dropped from this class.

Students must obtain a Cengage Unlimited access code in order to complete the class. Your book, assignments, quizzes and exams will be available through the access code.

Class Attendance:

Class attendance is critical for the successful completion of this course. *For online and hybrid courses, students must complete work in a timely manner and follow due dates.* Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is **August 7**. You will need to go to mypjc.parisjc.edu and log in to fill out the withdrawal form **before** this date in order to be dropped from the class.

Class Conduct:

All cell phones, personal digital assistants (PDAs) and other electronic devices must be turned off or in silent mode while in class. Under no circumstances should a cell phone or other electronic device sound during class. If a cell phone or other electronic device does sound during class the student may be asked to leave for the remainder of the period. The only exception to this rule includes peace officers, EMT, EMS, or other emergency personnel, and their devices should be in silent mode.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others will be referred to the Vice President of Student Access and Success for disciplinary action such as dismissal from the college. *These students will immediately receive a score of zero on*

the exam/assignment in question with no possibility of makeup work and will forego the right to receive any bonus points for the remainder of the semester. Students who are suspected of cheating due to questionable activities may be required to prove their innocence.

ADA Statement

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Catalog or Student Handbook.

COSC 1301.430
Introduction to Computing
Summer 2 2024

Instructor: Dr. Mark Kjellander

Office: GC 209

Phone: 903.782.8716

Email: mkjellander@parisjc.edu

Office Hours: Monday and Wednesday 1:00 – 4:00

Meeting Location: GC 121

Meeting Days: Monday/Wednesday

Meeting Times: 10a-12p

COVID-19

Paris Junior College will continue to monitor and assess the COVID-19 impact on our community and the safety of all PJC community members (students, faculty and staff) and campus visitors. PJC may adjust hours, services and instructional modes as necessitated by the pandemic. We all need to be fully prepared for changes in daily practices to keep us healthy and our campus safe.

Strict adherence to the following will be in place effective August 1, 2020:

- Anyone on PJC campus/property, must wear a mask/face covering that covers the wearer's nose and mouth; face coverings can be disposable or cloth.
- Anyone on PJC campus/property will be expected to observe social distancing practices, and as outlined by facility signs and instructions.
- Anyone on PJC campus/property will be expected to govern themselves by the CDC's cleaning and disinfection, hand hygiene, and respiratory etiquette; students will be provided training on these topics.
- Students will be expected to pick-up a disinfecting wipe upon entering a classroom or laboratory and disinfect their workstation prior to sitting down.

PJC will continue to monitor the pandemic in order to take all precautions necessary to maintain a safe and healthy environment for our campus. Please continue to check the PJC website and your DragonMail before coming to campus for any updates that might affect you.

Course Description:

Overview of computer systems—hardware, operating systems, the Internet, and application software including word processing, spreadsheets, presentation graphics, and databases. Current topics such as the effect of computers on society, and the history and use of computers in business, educational, and other interdisciplinary settings are also studied. This course is not intended to count toward a student's major field of study in business or computer science.

3 Credit Hours 2 Lecture Hours 4 Lab Hours

Required Textbook(s) and Materials:

Cengage Unlimited

(4 Months) 978-0-357-70000-6

USB Flash drive

Course Goals and Objectives:

Upon successful completion of this course, students will:

1. Describe the fundamentals of computing infrastructure components: hardware, application software, operating systems, and data communications systems.

2. Delineate and discuss societal issues related to computing, including the guiding principles of professional and ethical behavior.
3. Demonstrate the ability to create and use documents, spreadsheets, presentations and databases in order to communicate and store information as well as to support problem solving.
4. Describe the need and ways to maintain security in a computing environment.

Course Schedule:

Week 1: Intro to CENGAGE and Fundamentals of Information Technology Concepts
Week 2 Creating and Modifying a Flyer
Week 3 Creating a Research Paper
Week 4 Creating a Business Letter
Week 5 Word Assessment
Week 6 Creating a Worksheet and a Chart
Week 7 Formulas, Functions, and Formatting
Week 8 Spreadsheet Assessment
Week 9 Databases and Database Objects: An Intro
Week 10 Querying a Database
Week 11: Database Assessment
Week 12 Creating and Editing Presentations with Pictures
Week 13 Enhancing Presentations with Shapes and SmartArt
Week 14 Inserting WordArt, Charts, and Tables
Week 15: PowerPoint Assessment and Final Exam

Course Requirements and Evaluation:

All quizzes, exams, and projects will close at midnight on the due date listed. If you miss the due date, a zero will be entered as the grade for said assignment. Once closed, quizzes, exams, and projects will not be re-opened for any reason. Make sure that you keep up! *Failure to do so usually results in a failing grade.*

We will be submitting midterm grades this semester. This means that everything that is due by midterm must be submitted by the due date.

The following formula/criteria will be used to determine your Final Course Grade:

40% EXAMS

40% Labs and Assignments

20% Quizzes

COURSE GRADE = (Average Exams * .40) + (Average Assignments * .40) + (Average Quizzes *.20)

GRADE SCALE is based on calculated Course average:

90 – 100 = A

80 – 89 = B

70 – 79 = C

60 – 69 = D

0 – 59 = F

EXAMS(40%):

Exams demonstrate the students acquired skill of a software application. There will be four Hands-On Application Exams scheduled at your Cengage course throughout the semester for Word, PowerPoint, Excel, and Access. The availability dates for these exams are listed in your course Calendar and at Cengage. Make a note of these dates and mark them on your personal calendar. There will also be one, multiple choice, Final Exam.

ASSIGNMENTS (40%):

There will be two projects for each chapter. Instructions for the textbook projects are located in the corresponding chapter for the assignment. Textbook projects have step-by-step instructions. The Start file and any resource files for textbook projects must be downloaded from Cengage. Cengage projects will consist of an instructional document, a start file, and a resource file, if applicable. This start file will include a student's identifying code for project submission and grading. Once the assignment is submitted, it will be graded and an in-depth explanation of errors will be provided. The student will have an opportunity to make corrections and resubmit the document twice before the respective project's availability period terminates totaling three attempts for each assignment. The students' highest grade of the three attempts will be recorded as the assignment grade. All attempts must be completed during the availability time of the project.

QUIZZES (20%):

Quizzes are scheduled after each chapter. It is recommend that you read the corresponding chapter before attempting a quiz. All quizzes are "open book" and administered under the Honesty Policy. Quizzes must be completed during the assigned availability period. You will have three attempts to complete each quiz. The highest grade will be recorded as the quiz grade.

Course Policies:

This course meets in the Applied Science building in room 142 on the Paris Campus and via the internet and through the Blackboard [Bb] Learning Management System and Cengage Skills Assessment Manager.

REQUIREMENTS:

1. Students **MUST** understand that technical problems are not reasons for missing deadlines or due dates.
 - It is the student's responsibility to maintain reliable computer equipment and internet service.
 - It is the student's responsibility to attempt assignments in a timely manner, giving them enough time to complete the assignment.
2. Students **MUST** be **independent, self-motivated learners** to be successful in an internet or hybrid course.
3. Students **MUST** be excellent time managers, seldom miss deadlines, and schedule adequate time each week to complete the course requirements.

4. Students **MUST** have a reliable personal computer and internet service that meets the minimum requirement of the course software and course web sites. It is recommended that you use a PC to do your assignments. Some options are not available for a Mac including Microsoft Access and the Office suite is not available for Chromebooks.
5. Students **MUST possess computer skills** necessary to:
 - Access internet sites, create accounts, locate and read “site user manuals.”
 - Download and install software on their personal computers
 - Manage files on their storage devices,
 - Use computer applications, internet browsers, email, and system utilities
6. Students **MUST** have reliable access to the Microsoft Office Suite 2016 or 365 that includes **Word, PowerPoint, Excel, and Access**.
7. Students **MUST** purchase an access code for the required textbook and assignments during the first week of class.
8. Students **MUST** realize that family obligations, work schedules, number of courses enrolled, and other life events do **not** supersede this course’s requirements, due dates, assignments, or deadlines. Neither do they justify a request for extended time.

EXPECTATIONS:

1. Students are expected to use the PJC Lab to complete quizzes, exams, and assignments when they are experiencing technical problems with their personal computer or internet provider. PJC provides computers with the necessary software and internet connections in the campus labs.
2. Students are expected to schedule an appointment with the instructor when questions arise that cannot be adequately addressed via email or phone and require a demonstration or face to face help.
3. Students are expected to attempt, complete, and submit all assignments, quizzes, and exams within their respective scheduled time-period.
4. Students are expected to login, read and comply with all announcements, documents, instructions, etc.

If you experience technical difficulties logging into your Bb course contact helpdesk@parisjc.edu. Customer Service contact information for CENGAGE is located on your CENGAGE login page.

Open labs are available in the Library and room 150 of the Applied Science building on the Paris campus, room 121 on the Greenville Campus and room 103 of the Sulphur Springs Center.

You must attend class and complete the First Assignment located in Blackboard by September 20, at midnight in order to remain in the class. Students who have not attended or who do not complete the assignment by the due date will be dropped from this class.

Students must obtain a Cengage Unlimited access code in order to complete the class. Your book, assignments, quizzes and exams will be available through the access code.

Class Attendance:

Class attendance is critical for the successful completion of this course. *For online courses, students must complete work in a timely manner and follow due dates.* Withdrawals must be

initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is Thursday, November 19, 2020.

Class Conduct:

Please turn off or silence and put away all cell phones, pagers, iPods, headphones, etc. before entering the classroom/laboratory. No obscene/vulgar language will be permitted in the classroom/laboratory. Faculty reserve the right to drop a student for violations of the Student Conduct Policy as listed in the Student Handbook.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others will be referred to the Vice President of Student Access and Success for disciplinary action such as dismissal from the college. *These students will immediately receive a score of zero on the exam/assignment in question with no possibility of makeup work and will forego the right to receive any bonus points for the remainder of the semester. Students who are suspected of cheating due to questionable activities may be required to prove their innocence.*

ADA Statement

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Catalog or Student Handbook.

COVID-19

Paris Junior College will continue to monitor and assess the COVID-19 impact on the communities served. Per CDC guidelines:

- **All COVID-19 vaccines currently available in the United States have been shown to be safe and effective at preventing COVID-19. Getting vaccinated yourself may also protect people around you, [particularly people at increased risk for severe illness from COVID-19.](#)**

- **Anyone on PJC campus/property will be expected to govern themselves by the CDC's cleaning and disinfection, hand hygiene, and respiratory etiquette.**

Masks are no longer required on a PJC campus. However, if you have not been vaccinated, you should consider wearing a mask to protect your own health.

Course Description:

Overview of computer systems—hardware, operating systems, the Internet, and application software including word processing, spreadsheets, presentation graphics, and databases. Current topics such as the effect of computers on society, and the history and use of computers in business, educational, and other interdisciplinary settings are also studied. This course is not intended to count toward a student's major field of study in business or computer science.

3 Credit Hours 2 Lecture Hours 4 Lab Hours

Required Textbook(s) and Materials:

Cengage Unlimited
(4 Months) 978-0-357-70000-6

You will be able to purchase this code by logging into your Blackboard class and clicking on the Assignments link in the left navigation pane. You can then click on any assignment folder and be linked to Cengage where you set up an account and either enter an access code if you purchased it at the book store, or purchase the code from Cengage. The code will give you access to all assignments and the textbook. You **MUST** have this code to complete the class.

USB Flash drive to save your assignments if you are working on a public computer (including the computers in Paris, Greenville, and Sulphur Springs centers.)

Course Goals and Objectives:

Upon successful completion of this course, students will:

1. Describe the fundamentals of computing infrastructure components: hardware, application software, operating systems, and data communications systems.
2. Delineate and discuss societal issues related to computing, including the guiding principles of professional and ethical behavior.

3. Demonstrate the ability to create and use documents, spreadsheets, presentations and databases in order to communicate and store information as well as to support problem solving.
4. Describe the need and ways to maintain security in a computing environment.

Course Schedule:

Course Calendar COSC1301

Schedule may change at Instructor's discretion...

Due Dates are the dates that the corresponding assignments, quizzes or exams are due. Anything that is due but not submitted at this time will receive a zero. This will bring down the grade showing in Blackboard or SAM.

Due Date: June 4	Purchase Cengage Unlimited Purchase a USB Flash if working on a public computer. Read all documents in Blackboard and view SAM and Blackboard Videos. Complete First Assignment (Located on Assignments Page in Blackboard) (A) Word – Module 1 – Textbook Project (B) Word – Module 1 – SAM Project 1a (C) Word 1 Quiz
Due Date: June 7	(D) Word – Module 2 – Textbook Project (E) Word – Module 2 – SAM Project 1a (F) Word 2 Quiz
Due Date: June 10	(G) Word -Module 3- Textbook Project (H) Word – Module 3 – SAM Project 1a (I) Word 3 Quiz (J) Word Exam
Due Date: June 13	(K) PowerPoint– Module 1 – Textbook Project (L) PowerPoint – Module 1 – SAM Project 1a (M) PowerPoint 1 Quiz
Due Date: June 17	(N) PowerPoint – Module 2 – Textbook Project (O) PowerPoint – Module 2 – SAM Project 1a (P) PowerPoint 2 Quiz
Due Date: June 20	(Q) PowerPoint – Module 3 – Textbook Project (R) PowerPoint – Module 3 – SAM Project 1a (S) PowerPoint 3 Quiz (T) PowerPoint Exams
Due Date: June 24	(U) Excel – Module 1 – Textbook Project (V) Excel – Module 1 – SAM Project 1a (W) Excel 1 Quiz
Due Date: June 27	(X) Excel– Module 2 – Textbook Project (Y) Excel – Module 2 – SAM Project 1 (Z) Excel 2 Quiz (ZA) Excel Exam
Due Date: July 1	(ZB) Access – Module 1 – Textbook Project (ZC) Access – Module 1 – SAM Project 1a (ZD) Access 1 Quiz
Due Date: July 5	(ZE) Access-Module 2-Textbook Project (ZF) Access-Module 2- SAM Project 1a (ZG) Access-Module 2 Quiz
Due Date: July 8	(ZH) Access Exam (ZI) Final Exam

Course Requirements and Evaluation:

All quizzes, exams, and projects will close at midnight on the due date listed. If you miss the due date, a zero will be entered as the grade for said assignment. Once closed, quizzes,

exams, and projects will not be re-opened for any reason. Make sure that you keep up! *Failure to do so usually results in a failing grade.*

The grade that you see in Cengage or Blackboard is a running average which means that it averages only what has been submitted and does not average in assignments that are due but not submitted. When I pull grades, zeros will be added for missing assignments and the grade will be lower than what you see online.

The following formula/criteria will be used to determine your Final Course Grade:

40% EXAMS

40% Labs and Assignments

20% Quizzes

COURSE GRADE = (Average Exams * .40) + (Average Assignments * .40) + (Average Quizzes *.20)

GRADE SCALE is based on calculated Course average:

90 – 100 = A

80 – 89 = B

70 – 79 = C

60 – 69 = D

0 – 59 = F

EXAMS(40%):

Exams demonstrate the students acquired skill of a software application. There will be four Hands-On Application Exams scheduled at your Cengage course throughout the semester for Word, PowerPoint, Excel, and Access. The availability dates for these exams are listed in your course Calendar and at Cengage. Make a note of these dates and mark them on your personal calendar. There will also be one, multiple choice, Final Exam.

ASSIGNMENTS (40%):

There will be a Textbook project and a SAM Project for each module.

Textbook Projects: There will be a folder on the Assignments link in Blackboard for each module that is assigned. There will be a video located in the folder to walk you through the textbook projects. This folder will also contain a link to a textbook project, SAM project and quiz for each module with links to your Start File and any resource files needed for each one. There are also step-by-step instructions in the book for Textbook assignments.

Cengage Projects: Cengage projects will consist of an instructional document, a start file, and a resource file, if applicable and links can be found in the related folder on the Assignments page. The start file will include a student's identifying code for project submission and grading. Once the assignment is submitted, it will be graded and an in-depth explanation of errors will be provided. The student will have an opportunity to make corrections and resubmit the document two more times before the respective project's availability period terminates totaling three attempts for each assignment. The students' highest grade of the three attempts will be

recorded as the assignment grade. All attempts must be completed during the availability time of the project.

QUIZZES (20%):

Quizzes are scheduled after each chapter. It is recommend that you read the corresponding chapter before attempting a quiz. All quizzes are “open book” and administered under the Honesty Policy. Quizzes must be completed during the assigned availability period. You will have three attempts to complete each quiz. The highest grade will be recorded as the quiz grade.

Course Policies:

This course meets via the Internet through the Blackboard [Bb] Learning Management System and Cengage Skills Assessment Manager.

REQUIREMENTS:

1. Students **MUST** understand that technical problems are not reasons for missing deadlines or due dates.
 - It is the student’s responsibility to maintain reliable computer equipment and internet service.
 - It is the student’s responsibility to attempt assignments in a timely manner, giving them enough time to complete the assignment.
2. Students **MUST** be **independent, self-motivated learners** to be successful in an internet or hybrid course.
3. Students **MUST** be excellent time managers, seldom miss deadlines, and schedule adequate time each week to complete the course requirements.
4. Students **MUST** have a reliable personal computer and internet service that meets the minimum requirement of the course software and course web sites. It is recommended that you use a PC to do your assignments. Some options are not available for a Mac including Microsoft Access and the Office suite is not available for Chromebooks.
5. Students **MUST possess computer skills** necessary to:
 - Access internet sites, create accounts, locate and read “site user manuals.”
 - Download and install software on their personal computers
 - Manage files on their storage devices,
 - Use computer applications, internet browsers, email, and system utilities
6. Students **MUST** have reliable access to the Microsoft Office Suite 2019 or 365 that includes **Word, PowerPoint, Excel, and Access**. Instructions for downloading the software are on the Start Here page for this class.
7. Students **MUST** purchase an access code for the required textbook and assignments during the first week of class.
8. Students **MUST** realize that family obligations, work schedules, number of courses enrolled, and other life events do **not** supersede this course’s requirements, due dates, assignments, or deadlines. Neither do they justify a request for extended time.

EXPECTATIONS:

1. Students are expected to use the PJC Lab to complete quizzes, exams, and assignments when they are experiencing technical problems with their personal computer or internet provider. PJC provides computers with the necessary software and internet connections in labs on the Paris campus and the Greenville and Sulphur Springs centers.
2. Students are expected to schedule an appointment with the instructor when questions arise that cannot be adequately addressed via email or phone and require a demonstration or face to face help.
3. Students are expected to attempt, complete, and submit all assignments, quizzes, and exams within their respective scheduled time-period.
4. Students are expected to login, read and comply with all announcements, documents, instructions, etc.
5. Students are expected to have access to a personal computer with Microsoft Office 2019 or Office 365. There are instructions on the Start Here page for this class for downloading the software if you do not already have access. **Projects will not work on a Chromebook and many will not work on a Mac.**

If you experience technical difficulties logging into your Bb course contact helpdesk@parisjc.edu. Customer Service contact information for CENGAGE is located on your CENGAGE login page.

Open labs are available in the Library and room 150 of the Applied Science building on the Paris campus, room 121 at the Greenville Center and room 103 of the Sulphur Springs Center.

You must attend class and complete the First Assignment located in Blackboard by **June 6**, at midnight in order to remain in the class. Students who have not attended or who do not complete the assignment by the due date will be dropped from this class.

Students must obtain a Cengage Unlimited access code in order to complete the class. Your book, assignments, quizzes and exams will be available through the access code.

Class Attendance:

Class attendance is critical for the successful completion of this course. *For online and hybrid courses, students must complete work in a timely manner and follow due dates.* Withdrawals must be initiated by the student. The last day for a student to withdraw from a course with a grade of "W" is **July 3**. You will need to go to mypjc.parisjc.edu and log in to fill out the withdrawal form **before** this date in order to be dropped from the class.

Class Conduct:

All cell phones, personal digital assistants (PDAs) and other electronic devices must be turned off or in silent mode while in class. Under no circumstances should a cell phone or other electronic device sound during class. If a cell phone or other electronic device does sound during class the student may be asked to leave for the remainder of the period. The only exception to this rule includes peace officers, EMT, EMS, or other emergency personnel, and their devices should be in silent mode.

Academic Honesty:

In the pursuit of learning, it is expected that students will engage in honest academic endeavor to the highest degree of honor and integrity. Students who are found to engage in academic dishonesty through such activities as cheating on exams, plagiarism, or collusion with others

will be referred to the Vice President of Student Access and Success for disciplinary action such as dismissal from the college. *These students will immediately receive a score of zero on the exam/assignment in question with no possibility of makeup work and will forego the right to receive any bonus points for the remainder of the semester. Students who are suspected of cheating due to questionable activities may be required to prove their innocence.*

ADA Statement

It is the policy of Paris Junior College to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, State and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College Success Coach in the Advising & Counseling Center to obtain a Request for Accommodations form. For more information, please refer to the Paris Junior College Catalog or Student Handbook.

Title Technical Drafting

Description

Introduction to the principles of drafting to include terminology and fundamentals, including size and shape descriptions, projection methods, geometric construction, sections, and auxiliary views.

Textbooks

No text required

Student Learning Outcomes (SLO)

Students will create technical drawings, using geometric construction, orthographic projections, pictorial/ sectional views, and dimensioned drawings using a CAD program.

Schedule

Week 1-What is drafting and how is it used in industry?
Week 2-Drafting tools
Week 3-Lettering and Scales
Week 4-Sketching
Week 5-Projection Techniques
Week 6-Orthographic Projection
Week 7-Designing with CAD
Week 8-Drawing Tools CAD
Week9-Modify Tools CAD
Week 10-Multi-views in CAD
Week 11-Auxiliary views in CAD
Week 12-Dimensioning and Annotations
Week 13-Isometric Drawing
Week 14-Sections
Week 15-Working with and reading blueprints
Week 16-Finals

Evaluation methods

Grading Objectives:Projects:60%, Final Exam/Project: 40% of total grade

Course DFTG 1309

Title Basic Computer-Aided Drafting

Description An introduction to computer-aided drafting. Emphasis is placed on setup; creating and modifying geometry; storing and retrieving predefined shapes; placing, rotating, and scaling objects, adding text and dimensions, using layers, coordinate systems, and plot/print to scale.

Textbooks No Book Required

Student Learning Outcomes (SLO) Students will create technical drawings, using geometric construction, orthographic projections, pictorial/ sectional views, and dimensioned drawings using a CAD program.

Schedule
Week 1-Getting Started AutoCAD Overview
Week 2-Basic Drawing Set-up
Week 3-Draw Commands
Week 4-Modify Commands
Week 5-Utilities (Zoom, Pan, Undo, Redo)
Week 6-Osnaps
Week 7-Creating & Editing Text
Week 8-Layers
Week 9-Working with Grips
Week 10-Inquiry Commands (Distance, Area)
Week 11-Dimensioning
Week 12-Annotations
Week 13-Using Hatches
Week 14-Creating & working with Blocks
Week 15-Printing and Plotting
Week 16-Finals

Course DFTG 2323

Title Pipe Drafting

Description

A study of pipe fittings, symbols, specifications and their applications to a piping process system. Creation of symbols and their usage in flow diagrams, plans, elevations, and isometrics.

Textbooks

No Book Required

Student Learning Outcomes (SLO)

Create drawings of foundations, structural supports, and process equipment; identify symbols and research specifications; generate a bill of material list; use charts and standards; generate isometric drawings; and calculate measurements for pipe fittings.

Schedule

Week 1-Introduction to Pipe Drafting
Week 2-Pipe Standards and Dimensioning
Week 3-Types of Pipe
Week 4-Pipe Fittings
Week 5-Valves
Week 6-Pipe Instrumentation
Week 7-Pumps
Week 8-Tanks & Vessels
Week 9-Pipe Equipment
Week 10-Flow Diagrams
Week 11-Plan Views and Elevations
Week 12-Piping Isometrics
Week 13-Piping Isometrics (Cont.)
Week 14-Piping Spools
Week 15-Working with and reading piping blueprints

Course DMSO 1261

Title Clinical -Diagnostic Medical Sonography/Sonographer and Ultrasound Technician

Description A health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional.

Textbooks Pocket Protocols for Sonography
ISBN 97814455773220

Student Learning Outcomes (SLO) Upon completion of this program, it is expected that a graduate will be able to:
1. Apply the theory, concepts, and skills involving specialized materials, tools, equipment, procedures
2. Regulations, laws, and interactions within and among political, economic, environmental, social, and legal systems associated with the occupation and the business/industry

Schedule Week 1- 12 Clinical Rounds/Lab

Evaluation methods Course grade will depend on the number of points in each of the following categories:
Competencies
Patient Care
Professionalism
Knowledge/Skills

Course DMSO 2305

Title Sonography of Obstetric/Gynecology

Description Detailed study of the pelvis and obstetrics/gynecology as related to scanning techniques, patient history and laboratory data, transducer selection, and scanning protocols.

Textbooks
Textbook of Diagnostic Sonography, Volume II; Hagen-Ansert
ISBN 9780323826464
Workbook for Textbook of Diagnostic Sonography
ISBN 9780323441834

Student Learning Outcomes (SLO)
After completion of the course, the graduate will be able to:
1. Identify the sonographic appearances of normal and abnormal female pelvis.
2. Identify normal and abnormal obstetrical findings.
3. Demonstrate appropriate scanning techniques using standard protocols.
4. Evaluate patient history and laboratory data as it relates to sonography.
5. Demonstrate Patient transfers and movements.
6. Demonstrate patient/technologist interactions
7. Demonstrate proper history taking.
8. Identify safety and transfer positioning.

Schedule

Week 1-Orientation
Week 2-Intro/Pelvis/Research Paper
Week 3-Unit 2
Week 4-Exam 1
Week 5-Doppler/pelvis
Week 6-Pathology
Week 7-Exam 2
Week 8-Spring Break
Week 9-Role of Ultrasound/infertility
Week 10-Role of Ultrasound/Obstetrics
Week 11Ethics for Obstetric Sonography
Week 12-Exam 3
Week 13- Normal First trimester
Week 14-First trimester complications
Week 15- Exam 4
Week 16- Final Exam

Evaluation methods

Exams 50%
Quizzes 30%
Research Paper 10%
Final Exam 10%

Course EMSP 2160

Title Clinical - Emergency Medical EMT Paramedic

Description

A health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional

Textbooks

Nancy Caroline's Emergency Care in the Streets, 9th Edition
Platinum Planner

Student Learning Outcomes (SLO)

1. Upon completion of the program, the graduate will demonstrate competency and the knowledge to recognize and care for a medical emergency.
2. Upon completion of the program, the graduate will demonstrate competency and the knowledge to recognize and care for a trauma emergency.
3. Upon completion of the program, the graduate will demonstrate competency and the knowledge to recognize and care for patients in special populations. (OB, Pediatric, Geriatric, and Patients with special needs)

Schedule

Week 1- 6
This course schedule is determined by the students successful completion of skills evaluations throughout the semester. Schedule will vary.

Evaluation methods

Successful completion of this course requires the student to meet or exceed the minimum number of clinical and field rotation hours. In addition, students must meet or exceed the minimum number of skills and patient contact requirements for the course.

Course EMSP 2205

Title EMS Operations

Description A detailed study of the knowledge and skills to safely manage the scene of an emergency.

Textbooks Nancy Caroline's Emergency Care in the Streets, 9th Edition

Student Learning Outcomes (SLO)

1. At the completion of this unit, the paramedic will understand standards and guidelines that help ensure safe and effective ground and air medical transport.
- 2 At the completion of this unit, the paramedic student will be able to integrate the principles of general incident management and multiple casualty incident (MCI) management techniques in order to function effectively at major incidents.
- 3 At the completion of this unit, the paramedic student will be able to integrate the principles of rescue awareness and operations to safely rescue a patient from water, hazardous atmospheres, trenches, highways, and hazardous terrain.
- 4 At the completion of this unit, the paramedic student will be able to evaluate hazardous materials emergencies, call for appropriate resources, and work in the cold zone.
- 5 At the completion of this unit, the paramedic student will have an awareness of the human hazard of crime and violence and the safe operation at crime scenes and other emergencies.

Schedule

Week 1 - Incident Management and Mass Casualty Incidents
Week 2 - Vehicle Extrication and Special Rescue
Week 3 - Hazardous Materials
Week 4 - Terrorism and Disaster Resposne
Week 5 - Crime Scene Awarness

Evaluation methods

Determination of Course Grade:
Course grade based on tiered system.
Minimum grade of "C" required to pass course. Grade obtained by achieving at least 80% on all assignments and 75% or greater on all exams.

Course EMSP 2306

Title Emergency Pharmacology

Description A comprehensive course covering the utilization of medications in treating emergency situations.

Textbooks

Student Learning Outcomes (SLO)
Upon completion of the program, the graduate will:
- Be able to categorize the classification of emergency medications
- Be able to complete calculation of medication dosages.
- Be able to identify the therapeutic use, routes of administration, indications, and adverse effects of

Schedule
Week 1: Introduction to Emergency Pharmacology
Week 2: Drug Calculations Practice
Week 3: Drug Calculations/Pharmacodynamics, Medication Responses, Routes of Administration
Week 4: Drug Calculations Exam/Medication Errors, Airway and Respiratory Management Medications.
Week 5: Cardiovascular System Medications
Week 6: Neurologic Condition and Miscellaneous Medications.
Week 7: IV Fluids
Week 8: Final Exam

Evaluation methods

Determination of Course Grade:

Grades will be determined based on assignment completion and grades obtained on those assignments.

A grade of C will require all assignments completed with a grade of 80% or greater and exam grades with a minimum of 75%

A grade of B will require all assignments completed with a grade of 90% or greater and minimum exam grades of 85% or greater.

A grade of A will require all assignments completed on time with a grade of 100% and minimum exam grades of greater than 90%

Course EMSP 2330

Title Special Populations

Description A detailed study of the knowledge and skills necessary to reach competence in the assessment and management of ill or injured patients in non traditional populations.

Textbooks Nancy Caroline's Emergency Care in the Streets,9th Edition
Pediatric Advanced Life Support (PALS) Textbook, American Heart Association, ISBN: 978-1-61669-112-7

Student Learning Outcomes (SLO)
1. Upon completion of the program, the graduate will demonstrate competency and the knowledge to recognize and care for a medical emergency.
2. Upon completion of the program, the graduate will demonstrate competency and the knowledge to recognize and care for a trauma emergency.
3. Upon completion of the program, the graduate will demonstrate competency and the knowledge to recognize and care for patients in special populations. (OB, Pediatric, Geriatric, and Patients with special needs.

Schedule
Week 1-Neonatology/Pediatrics
Week 2-Pediatrics
Week 3-Pediatrics
Week 4-Geriatrics
Week 5-Abuse/Assault

Evaluation methods
Determination of Course Grade:
Course grade is based on a tiered grading rubric. Students can achieve a grade of A-C, or and F. Grade C requires minimum of 80% grade on all assignments and 75% or greater on all exams.

Course HPRS 2300

Title Pharmacology for Health Professions

Description

A study of drug classifications, actions, therapeutic uses, adverse effects, routes of administration and calculation of dosages.

Textbooks

Pharmacology Clear & Simple, Cynthia J. Watkins, F.A. Davis, 2nd Edition, 2013 ISBN: 978-0-8036-2588-4

Student Learning Outcomes (SLO)

At the completion of the course, the student will demonstrate knowledge of drug classifications, actions, therapeutic uses, adverse effects, routes of administration and calculation of dosages.

Schedule

Week 1- Orientation, History of Pharmacology, Basics of Pharmacology; Pharmacology Project Opens
Week 1- Patient Safety in Medication Administration, Regulations
Week 1- Prescriptions and Labels, Basic Review of Mathematics
Week 2- Exam 1
Week 2- Enteral Medications and Administration, Parenteral Medications and Administration
Week 2- Integumentary Systems Medications, Musculoskeletal Systems Medications
Week 3- Nervous System Medications, Eye and Ear Medications
Week 3- Endocrine System Medications
Week 3- Exam 2, Digital Poster/Advertisement
Week 4-Cardiovascular System Medications, Immunological Systems Medications
Week 4-Measurement Systems, Dosage Calculations, Parenteral Medications/Administration
Week 4- Pulmonary System Medications, Gastrointestinal System Medications
Week 5- Reproductive and Urinary System Medications; Herbs, Vitamins and Minerals
Week 5- Pharmacology Project Due
Week 5- Exam 3
Week 5- Optional Final

Evaluation methods

Credits 3 sch. TSI: None Prerequisite(s): None
The final grade in this course will consist of the following: Weekly assignments (14) are worth 15% of the grade and End of Chapter Activities (18) are worth 17% of the grade. There are also 3 exams worth 51% (17% each) of the grade. A Pharmacology Project worth 17% of the grade is also required. An opportunity to take an extra credit final exam is given; the score is multiplied by 0.05, which can add a maximum of 5% extra points to your final course grade. The extra credit final is the only opportunity for extra credit within the course. The following is the criteria for letter grades in this course: 90-100 points = A, 80-89 = B, 70-79 = C, 60-69 = D, Below 60=F.

Course HRGY 1319 185 233L

Title Basic Horology I

Description

Introduction to watchmaking profession and customer service concepts. Emphasis on tool preparation, component handling, metrology, and product identification.

Prerequisite: None. Fee charged.

Textbooks

Theory of Horology - Reymondin

Student Learning Outcomes (SLO)

Identify various tools and their functions; commission workbench and tools for efficient workflow; manipulate small parts with hand tools; measure miniature components with calipers and micrometers; classify various timepieces into technological groups; and identify various styles of encasing components by style and function.

Schedule

Week 1

Orientation/Intro to profession

Safety/Workshop organization

Tool identification/Commission bench and toolkit

Metrology

Week 2

Tool commissioning

Equipment maintenance

Week 3

Component Handling

Commission hand tools

Week 4

Technology of timekeeping

Product identification

Commission hand tools

Evaluation methods

Assessment of learning may include, but not limited to: Written examinations, oral examinations, rubrics, assessment instruments for practical evaluations. A grade of “C” (70%), or higher is required to complete a project and advance to the next project.

- a. Composite grade on all projects (practical bench work or demonstration of practical working knowledge and applied theory) = 60%
- b. Composite grade on all homework assignments = 15%
- c. Composite grade on all assessments (practical or theoretical) = 15%
- d. Work ethics = 10%

Grade of “A” will be recorded for work completed to a level of: 90 - 100%

Grade of “B” will be recorded for work completed to a level of: 80 - 89%

Grade of “C” will be recorded for work completed to a level of: 70 - 79%

Grade of “F” will be recorded for work completed to a level of: 69% and below

Project Grading:

Project grades are based on, first and foremost, the quality of workmanship assessed according to the professional industry experience, education, and knowledge of the instructor of watchmaking, and, when applicable, speed and quantity of work done.

Students have until the end of the semester to complete all assigned projects. All project course work must be completed in assigned order and during allocated classroom hours according to the classroom meeting times and days schedule. Students may receive an INCOMPLETE upon failure to finish every project assigned by the end of the semester. Student will have until the end of the next long semester to clear any INCOMPLETE grades according to the policy in the Student Handbook.

Students who are behind on their projects are expected to avail themselves of any provided supplemental working hours, should they be made available – at the discretion of the instructor,

Evaluation methods

Assessment of learning may include, but not limited to: Written examinations, oral examinations, rubrics, assessment instruments for practical evaluations. A grade of "C" (70%), or higher is required to complete a project and advance to the next project.

- a. Composite grade on all projects (practical bench work or demonstration of practical working knowledge and applied theory) = 60%
- b. Composite grade on all homework assignments = 15%
- c. Composite grade on all assessments (practical or theoretical) = 15%
- d. Work ethics = 10%

Grade of "A" will be recorded for work completed to a level of: 90 - 100%

Grade of "B" will be recorded for work completed to a level of: 80 - 89%

Grade of "C" will be recorded for work completed to a level of: 70 - 79%

Grade of "F" will be recorded for work completed to a level of: 69% and below

Project Grading:

Project grades are based on, first and foremost, the quality of workmanship assessed according to the professional industry experience, education, and knowledge of the instructor of watchmaking, and, when applicable, speed and quantity of work done.

Students have until the end of the semester to complete all assigned projects. All project course work must be completed in assigned order and during allocated classroom hours according to the classroom meeting times and days schedule. Students may receive an INCOMPLETE upon failure to finish every project assigned by the end of the semester. Student will have until the end of the next long semester to clear any INCOMPLETE grades according to the policy in the Student Handbook.

Students who are behind on their projects are expected to avail themselves of any provided

email ahenderson@parisjc.edu

Course HRGY 1371.185 223T

Title Introduction to Computer Aided Design

Description

Study of the programs operations, characteristics, modeling, and machining techniques of computer aided design. Computer aided manufacturing are explored in this course. Applications and visualization, rendering, animation, 2D design, 3D design and solid modeling as it relates to jewelry design.
Credits:3= 1 lecture and 8 laboratory hours per week

Textbooks

Matrix Software for Jewelry Artisans

Student Learning Outcomes (SLO)

Demonstrate knowledge of the interface of the Matrix 9 and Rhino 7 screen. Know how to create, split, trim, duplicate, rotate, mirror, copy and join lines. Knowledge of Revo strategies Auto Flat Milling (2ops) and Rotary ring (1ops).

Schedule

May 13th - June 3rd

Creating beginning projects for jewelry articles.

Evaluation methods

Final Course Grades:
DESIGN ASSIGNMENTS 90%
FINAL TEST 10%

Course HRGY 1372.185 223T

Title TECHNICAL ILLUSTRATION for JEWELRY DESIGN

Description

Continuation of HRGY 1371, topics include pictorial drawing, shading and rendering of jewelry articles
Credits: 3= 1 lecture and 8 laboratory hours per week
TSI Requirement: xxx M, xxx R, xxx W.
Prerequisite(s): HRGY 1371

Textbooks

Matrix Software for Jewelry Artisans

Student Learning Outcomes (SLO)

Demonstrate knowledge of producing simple jewelry articles. Knowledge of Surfaces, Polysurfaces and Meshes. Knowledge of 3D print strategies

Schedule

June 4th - June 26th
An intermediate introduction of Matrix
Beginning introduction of Rhino 7 & Jewel Beetle
3D Printing

Evaluation methods

Final Course Grades:
DESIGN ASSIGNMENTS 90%
FINAL TEST 10%

Course HRGY 1373.185 223T

Title BASIC COMPUTER AIDED DRAFTING for JEWELRY DESIGN

Description

Continuation of HRGY 1372 with focus on more advanced modeling, identifying and solving of problems in 3 – D jewelry design applications.
Credits: 3= 1 lecture and 8 laboratory hours per week
TSI Requirement: xxx M, xxx R, xxx W.
Prerequisite(s): HRGY 1372

Textbooks

Matrix Software for Jewelry Artisans

Student Learning Outcomes (SLO)

Demonstrate skill of producing and changing jewelry articles into a more complex model.
Demonstrate knowledge of STL files and 3D printing.

Schedule

June 27th - July 22nd

Creating intermediate projects for jewelry articles.
3D Printing

Evaluation methods

Course HRGY 2301 185 233L

Title Intermediate Horology I

Description

Introduction to the functional theory of both mechanical and quartz watches with emphasis on movement fault analysis using a systematic approach as required by each technology.

Prerequisite: HRGY 1322

Textbooks

Theory of Horology - Reymondin

Student Learning Outcomes (SLO)

Analyze in detail the eight effects on isochronism; sketch power flow diagram; compare and contrast precision and accuracy as they apply to service process; examine multiple systems to determine faults; evaluate movement condition using industry standard testing and analyzing equipment on both mechanical and quartz watches; compare and contrast fault analysis of mechanical and quartz timepieces; and, distinguish faults according to their effects on isochronism.

Schedule

Week 1

Mechanical Watches - applied theory

Week 2

Mechanical Watches - applied theory

Week 3

Quartz Watches - applied theory

Week 4

Quartz Watches - applied theory

Evaluation methods

Assessment of learning may include, but not limited to: Written examinations, oral examinations, rubrics, assessment instruments for practical evaluations. A grade of “C” (70%), or higher is required to complete a project and advance to the next project.

- a. Composite grade on all projects (practical bench work or demonstration of practical working knowledge and applied theory) = 60%
- b. Composite grade on all homework assignments = 15%
- c. Composite grade on all assessments (practical or theoretical) = 15%
- d. Work ethics = 10%

Grade of “A” will be recorded for work completed to a level of: 90 - 100%

Grade of “B” will be recorded for work completed to a level of: 80 - 89%

Grade of “C” will be recorded for work completed to a level of: 70 - 79%

Grade of “F” will be recorded for work completed to a level of: 69% and below

Project Grading:

Project grades are based on, first and foremost, the quality of workmanship assessed according to the professional industry experience, education, and knowledge of the instructor of watchmaking, and, when applicable, speed and quantity of work done.

Students have until the end of the semester to complete all assigned projects. Course HRGY 2302 185 233L

Title Intermediate Horology II

Description

Continuation of Intermediate Horology I with emphasis on disassembly and reassembly of mechanical and quartz movements; clean and careful handling of movement components; work-holding; tool selection and application; enhanced kinesthetic skills; tribology and the effect of friction on mechanical and quartz technologies; and, lubrication techniques.

Prerequisite: HRGY 2301

Textbooks

Theory of Horology - Reymondin

Student Learning Outcomes (SLO)

Identify components responsible for each system function in mechanical and quartz timepieces; identify winding and setting components by name and function; identify parts using industry standard nomenclature for mechanical and quartz timepieces; compare and contrast discrete components by function for mechanical and quartz timepieces; judge lubrication requirements based on pressure, torque, and speed; and, select proper lubricant according to friction demands with functional consideration of effect of lubricant choice on amplitude in mechanical watches and consumption in quartz watches.

Schedule

Week 1
Tribology – mechanical and quartz

Week 2
Tribology – mechanical and quartz

Week 3
Tribology – mechanical and quartz

Week 4
Tribology – mechanical and quartz

Evaluation methods

Assessment of learning may include, but not limited to: Written examinations, oral examinations, rubrics, assessment instruments for practical evaluations. A grade of “C” (70%), or higher is required to complete a project and advance to the next project.

- a. Composite grade on all projects (practical bench work or demonstration of practical working knowledge and applied theory) = 60%
- b. Composite grade on all homework assignments = 15%
- c. Composite grade on all assessments (practical or theoretical) = 15%
- d. Work ethics = 10%

Grade of “A” will be recorded for work completed to a level of: 90 - 100%

Grade of “B” will be recorded for work completed to a level of: 80 - 89%

Grade of “C” will be recorded for work completed to a level of: 70 - 79%

Grade of “F” will be recorded for work completed to a level of: 69% and below

Project Grading:

Project grades are based on, first and foremost, the quality of workmanship assessed according to the professional industry experience, education, and knowledge of the instructor of watchmaking, and, when applicable, speed and quantity of work done.

Course HRGY 2303 185 233L

Title Intermediate Horology III

Description

Continuation of Intermediate Horology II with emphasis on winding/setting mechanism; mainspring and barrel; and gear train.

Prerequisite: HRGY 2302

Textbooks

Theory of Horology - Reymondin

Student Learning Outcomes (SLO)

Demonstrate understanding of various winding and setting mechanisms as implemented on a variety of mechanical and quartz movements; demonstrate safe removal and replacement of mainspring; evaluate condition of mainspring; examine train wheels for trueness and manipulate as necessary; evaluate safe functionality of gear train; distinguish effective cannon pinion friction – adjusting as necessary; and demonstrate ability to move jewels to effect gear train end-shake.

Schedule

Week 1

Mechanical watches – winding/setting

Week 2

Mechanical watches – accumulator

Week 3

Mechanical watches – transmission

Week 4

Mechanical watches – applied tribology

Evaluation methods

Assessment of learning may include, but not limited to: Written examinations, oral examinations, rubrics, assessment instruments for practical evaluations. A grade of "C" (70%), or higher is required to complete a project and advance to the next project.

- a. Composite grade on all projects (practical bench work or demonstration of practical working knowledge and applied theory) = 60%
- b. Composite grade on all homework assignments = 15%
- c. Composite grade on all assessments (practical or theoretical) = 15%
- d. Work ethics = 10%

Grade of "A" will be recorded for work completed to a level of: 90 - 100%

Grade of "B" will be recorded for work completed to a level of: 80 - 89%

Grade of "C" will be recorded for work completed to a level of: 70 - 79%

Grade of "F" will be recorded for work completed to a level of: 69% and below

Project Grading:

Project grades are based on, first and foremost, the quality of workmanship assessed according to the professional industry experience, education, and knowledge of the instructor of watchmaking, and, when applicable, speed and quantity of work done.

Title Intermediate Horology IV

Description

Continuation of Intermediate Horology III with emphasis on escapement functions and adjustment.

Prerequisite: HRGY 2303

Textbooks

Theory of Horology - Reymondin

Student Learning Outcomes (SLO)

Construct and deliver a lesson on an instructor selected topic related to escapements; judge condition and demonstrate ability to replace shellac on impulse pin and pallet stone; and, analyze and adjust various escapement components for maximum chronometry.

Schedule

Week 1

Mechanical watches – distribution

Week 2

Mechanical watches – distribution

Week 3

Mechanical watches – distribution

Week 4

Mechanical watches – distribution

Evaluation methods

Title Intermediate Horology VII

Description

Continuation of Intermediate Horology VI with emphasis on complete service of manual wind, automatic wind, and quartz watches with a variety of complications.

Prerequisite: HRGY 2306

Textbooks

Theory of Horology - Reymondin

Student Learning Outcomes (SLO)

Evaluate movement condition to determine service parameters via aesthetic and functional faults; operate equipment necessary for advanced fault analysis; distinguish lubrication requirements for specialized automatic device components; and dismantle, service, and reassemble watches with a variety of automatic and calendar mechanisms.

Schedule

Week 1

Complete service of manual wind, automatic wind, and quartz watches

Week 2

Complete service of manual wind, automatic wind, and quartz watches

Week 3

Complete service of manual wind, automatic wind, and quartz watches

Week 4

Complete service of manual wind, automatic wind, and quartz watches

Evaluation methods

Assessment of learning may include, but not limited to: Written examinations, oral examinations, rubrics, assessment instruments for practical evaluations. A grade of “C” (70%), or higher is required to complete a project and advance to the next project.

Course HRGY 2308 185 233L

Title Intermediate Horology VIII

Description

A continuation of Intermediate Horology VII with emphasis on precision timing, efficient workflow, and attention to detail throughout the service process from customer drop-off to customer pick-up.

Prerequisite: HRGY 2307

Textbooks

Theory of Horology - Reymondin

Student Learning Outcomes (SLO)

Demonstrate comprehensive ability to fully service quartz and mechanical timepieces including encasing; evaluate encasing and movement components for functional condition and ascertain need for replacement; demonstrate understanding of eight effects on isochronism by performing precision timing manipulations on mechanical watches; demonstrate time management skills by working on multiple timepieces simultaneously; and, demonstrate attention to detail by producing repair work that is clean and with all pre-existing conditions noted or corrected.

Schedule

Week 1
Precision timing/workflow/full service on manual wind, automatic wind and quartz watches

Week 2
Precision timing/workflow/full service on manual wind, automatic wind and quartz watches

Week 3
Precision timing/workflow/full service on manual wind, automatic wind and quartz watches

Week 4
Precision timing/workflow/full service on manual wind, automatic wind and quartz watches

Evaluation methods

Assessment of learning may include, but not limited to: Written examinations, oral examinations, rubrics, assessment instruments for practical evaluations. A grade of “C” (70%), or higher is required to complete a project and advance to the next project.

- a. Composite grade on all projects (practical bench work or demonstration of practical working knowledge and applied theory) = 60%
- b. Composite grade on all homework assignments = 15%
- c. Composite grade on all assessments (practical or theoretical) = 15%
- d. Work ethics = 10%

Grade of “A” will be recorded for work completed to a level of: 90 - 100%

Grade of “B” will be recorded for work completed to a level of: 80 - 89%

Grade of “C” will be recorded for work completed to a level of: 70 - 79%

Grade of “F” will be recorded for work completed to a level of: 69% and below

Project Grading:

Project grades are based on, first and foremost, the quality of workmanship assessed according to the professional industry experience, education, and knowledge of the instructor of watchmaking, and, when applicable, speed and quantity of work done.

Course HRGY 2341 185 233L

Title Advanced Horology Systems I

Description

Introduction to the functional theory and service principles of modern chronograph watches with emphasis on nomenclature and knowledge of the wide variety of functions available in the marketplace.

Textbooks

Theory of Horology - Reymondin

Student Learning Outcomes (SLO)

Apply sound service fundamentals to the chronograph basic movement; identify systems for chronograph operation, including start; stop; and return to zero functions; and apply knowledge of tribology of horological mechanisms to lubricate the various components of the chronograph complication.

Schedule

Week 1

Chronograph theory and practical

Week 2

Chronograph theory and practical

Week 3

Chronograph theory and practical

Week 4

Chronograph theory and practical

Evaluation methods

Assessment of learning may include, but not limited to: Written examinations, oral examinations, rubrics, assessment instruments for practical evaluations. A grade of “C” (70%), or higher is required to complete a project and advance to the next project.

- a. Composite grade on all projects (practical bench work or demonstration of practical working knowledge and applied theory) = 60%
- b. Composite grade on all homework assignments = 15%
- c. Composite grade on all assessments (practical or theoretical) = 15%
- d. Work ethics = 10%

Chronograph theory and practical

Evaluation methods

Assessment of learning may include, but not limited to: Written examinations, oral examinations, rubrics, assessment instruments for practical evaluations. A grade of “C” (70%), or higher is required to complete a project and advance to the next project.

- a. Composite grade on all projects (practical bench work or demonstration of practical working knowledge and applied theory) = 60%
- b. Composite grade on all homework assignments = 15%
- c. Composite grade on all assessments (practical or theoretical) = 15%
- d. Work ethics = 10%

Grade of “A” will be recorded for work completed to a level of: 90 - 100%

Grade of “B” will be recorded for work completed to a level of: 80 - 89%

Grade of “C” will be recorded for work completed to a level of: 70 - 79%

Grade of “F” will be recorded for work completed to a level of: 69% and below

Project Grading:

Project grades are based on, first and foremost, the quality of workmanship assessed according to the professional industry experience, education, and knowledge of the instructor of watchmaking, and, when applicable, speed and quantity of work done.

Students have until the end of the semester to complete all assigned projects. All project course work must be completed in assigned order and during allocated classroom hours according to the classroom meeting times and days schedule. Students may receive an INCOMPLETE upon failure to finish every project assigned by the end of the semester. Student will have until the end of the next long semester to clear any INCOMPLETE grades according to the policy in the Student Handbook.

Students who are behind on their projects are expected to avail themselves of any provided supplemental working hours, should they be made available – at the discretion of the instructor,

Course HRGY 2343 185 233L

Title Advanced Horology Systems III

Description

A continuation of Advanced Horological Systems II, emphasis on advanced electronic theory related to quartz watches and full service of chronograph, automatic, and quartz watches with the constraint of time.

Prerequisite: HRGY 2342

Textbooks

Theory of Horology - Reymondin

Student Learning Outcomes (SLO)

Demonstrate time management skills, practical skills, and knowledge necessary to fully service chronograph, automatic, and quartz watches with time constraints modeled after modern working environment production goals; demonstrate technical skills via practical component of final exam; and demonstrate theoretical knowledge of horological production via written component of final exam.

Schedule

Week 1

Full service of manual wind, automatic wind, quartz, and chronograph with constraints of time

Week 2

Full service of manual wind, automatic wind, quartz, and chronograph with constraints of time

Week 3

Full service of manual wind, automatic wind, quartz, and chronograph with constraints of time

Week 4

Capstone Project - Full service of manual wind, automatic wind, quartz, and chronograph with constraints of time
mid-term exam

Evaluation methods

Assessment of learning may include, but not limited to: Written examinations, oral examinations, rubrics, assessment instruments for practical evaluations. A grade of "C" (70%), or higher is required to complete a project and advance to the next project.

- a. Composite grade on all projects (practical bench work or demonstration of practical working knowledge and theory) = 60%
- b. Composite grade on all homework assignments = 15%
- c. Composite grade on all assessments (practical or theoretical) = 15%
- d. Work ethics = 10%

Grade of "A" will be recorded for work completed to a level of: 90 - 100%

Grade of "B" will be recorded for work completed to a level of: 80 - 89%

Grade of "C" will be recorded for work completed to a level of: 70 - 79%

Grade of "F" will be recorded for work completed to a level of: 69% and below

Project Grading:

Project grades are based on, first and foremost, the quality of workmanship assessed according to the professional experience, education, and knowledge of the instructor of watchmaking, and, when applicable, speed and quantity done.

Students have until the end of the semester to complete all assigned projects. All project course work must be completed in assigned order and during allocated classroom hours according to the classroom meeting times and days scheduled. Students may receive an INCOMPLETE upon failure to finish every project assigned by the end of the semester. Students may have until the end of the next long semester to clear any INCOMPLETE grades according to the policy in the Student Handbook.

Students who are behind on their projects are expected to avail themselves of any provided supplemental work.

Course ITSC 1309

Title Integrated Software Applications I

Description

Introduction to business productivity software suites using word processing, spreadsheets, databases, and/or presentation software. End-of-Course Outcomes: Use word processing, spreadsheet, database, and/or presentation software; and integrate applications to produce documents.

Textbooks

Shelly Cashman Series: Microsoft Office 365 & Office 2021: Introductory
Cable/Freund/Monk/Sebok/Vermaat
Loose-leaf Version + MindTap Computing, 1 term (6 months) Printed Access Card
Cengage Learning
ISBN: 978-0-357-94984-9

Shelly Cashman Series: Microsoft Office 365 & Outlook 2021 Comprehensive
Corinne Hoisington
Loose-leaf Version + MindTap Computing, 1 term (6 months) Printed Access Card
Cengage Learning
ISBN: 978-0-357-95003-6

Microsoft Office 365 software (includes Word, Excel, Access, and PowerPoint) must be installed on your home computer if you work on your assignments at home. If you work on your assignments on campus, the software is already installed on those computers.

Student Learning Outcomes (SLO)

Utilize industry standard application software to produce personal, business, and academic reports and presentations.

Schedule

Week 1: IceBreaker Discussion Board, Syllabus Quiz, Register for MindTap
Week 2: Word Module 1
Week 3: Word Module 2
Week 4: Word Capstone
Week 5: PowerPoint Module 1
Week 6: PowerPoint Module 2
Week 7: PowerPoint Capstone
Week 8: Excel Module 1
Week 9: Excel Module 2
Week 10: Excel Capstone
Week 11: Outlook Module 1 & 2

This schedule is a rough guide only and is subject to change as the semester progresses.

Evaluation methods

Grades are based on a point system for completion of assessments which include Projects, Exams, Capstones, BlackBoard Discussion Forum, and a BlackBoard Syllabus Quiz. All work will be graded for completeness, accuracy, and punctuality. All work must be submitted by the due date schedule. A grade of zero (0) will be recorded for any assessment which is not submitted. No late assignments accepted. No make-up or extra credit is awarded. Successful online learners are good at scheduling their time in an organized manner. Remember that your work can be done from anywhere on any computer that has Internet access and Microsoft Excel 2016.

Letter grades will be assigned based on the following point scale:

2340 - 2600 = A

2080 - 2339 = B

1820 - 2079 = C

1560 - 1819 = D

0 - 1559 = F

The assessments are broken-down as follows:

Syllabus Quiz = 1 assessment

BlackBoard Discussion Board Forum = 1 assessment

Outlook Training = 2 assessments

Projects = 12 assessments

Exams = 8 assessments

Capstones = 3 assessments

Checking your Grade: To check your grades, click the “Grades” tab. BlackBoard may show only the total number of points possible for each assessment and your score. The total points possible for the course may include work which you have not been assigned yet. To turn any score into a percentage, divide the number of points you received by the number of points possible.

Viewing Grades: Grades as usually posted in BlackBoard within one week following the due date.

Course ITSW 1304

Title Introduction to Spreadsheets

Description

Instruction in the concepts, procedures, and application of electronic spreadsheets. End-of-Course Outcomes: Define spreadsheet terminology and concepts; create formulas and functions; use formatting features; and generate charts, graphs, and reports.

Textbooks

Shelly Cashman Series Microsoft Office 365 & Excel 2021: Comprehensive Loose-leaf Version + MindTap Computing, 1 term (6 months) Printed Access Card Freund/Starks/Schemieder Cengage Learning ISBN: 978-0-357-94991-7

Student

Learning

Outcomes

(SLO)

Utilize industry standard application software to produce personal, business, and academic reports and presentations.

Demonstrate knowledge of computer industry terminology and jargon.

Define spreadsheet terminology and concepts, create formulas and functions, use formatting features, and generate charts, graphs, and reports.

Schedule

Week 1: IceBreaker Discussion Board and Syllabus Quiz

Week 2/3: Module 1

Week 4/5: Module 2

Week 6/7: Module 3

Week 8: Capstone

Week 9: Module 4

Week 10: Module 5

Week 11: Module 6

Evaluation methods

Grades are based on a point system for completion of assessments which include Training, Projects, Exams, Capstone, BlackBoard Discussion Forum, and a BlackBoard Syllabus Quiz. All work will be graded for completeness, accuracy, and punctuality. All work must be submitted by the due date schedule. A grade of zero (0) will be recorded for any assessment which is not submitted. No late assignments accepted. No make-up or extra credit is awarded. Successful online learners are good at scheduling their time in an organized manner. Remember that your work can be done from anywhere on any computer that has Internet access and Microsoft Excel 365.

Letter grades will be assigned based on the following point scale:

1710 - 1900 = A

1520 - 1709 = B

1330 - 1519 = C

1140 - 1329 = D

0 - 1139 = F

The assessments are broken-down as follows:

Syllabus Quiz = 1 assessment

BlackBoard Discussion Board Forum = 1 assessment

Training = 6 assessments

Textbook Projects: 5 assessments

Project 1 = 5 assessments

Exams = 5 assessments

Capstone = 1 assessment

Checking your Grade: To check your grades, click "Grades" tab. BlackBoard may show only the total number of points possible for each assessment and your score. The total points possible for the course may include work which you have not been assigned yet. To turn any score into a percentage, divide the number of points you received by the number of points possible.

Viewing Grades: Grades as usually posted in BlackBoard within one week following the due date.

Course JLRY 1413

Title Fundamentals of Gemology I (Diamonds)

Description

This course is designed to familiarize the student in the study of diamonds associated with the gemological process. Emphasis is given to the development of diamond grading skills using industry nomenclature and protocol

Textbooks

The Dealer's Book of Gems and Diamonds by M. Sevdermish and A. Mashiah,
Gemstone of the World by W. Schumann, A Students Guide to Spectroscopy by Colin H. Winter;

Student Learning Outcomes (SLO)

1. Demonstrate knowledge of diamond formation, history and folklore of diamond, mining/processing, and distribution. 2. Demonstrate skills in the use and proper care of laboratory instruments including the loupe, gemological binocular microscope, Leveridge gauge, and table gauge/measuring devises. 3. Demonstrate skills in diamond protocols using the 4 c's (carat weight/color/cut evaluation/clarity). 4. Demonstrate skills in observation skills for clarity enhanced diamonds and man-made lab created diamonds. 5. Demonstrate skills in use of market monitors to determine the current market evaluations for diamonds. 6. Demonstrate skills in 4 c's quality evaluation of fancy shape cut diamonds.

Schedule

Week 1 – Introduction to the gemological microscope, its use and care. Study of the physical/chemical/optical properties of diamond and the history and background associated with its recovery. Study of the occurrence and processing of kimberlite to separate diamond crystals. Study of the development/history of the diamond fashioning industry.
Week 2 – Study of the specifics of the round brilliant cut ideal proportioned diamond. Study also of the clarity grade systems for diamond evaluation. Study of the master color comparison qualifications for round brilliants used for grading diamonds for color/tint. Study of the protocol for quality grading of a fancy shape cut diamond.
Week 3 - Study of the use of diamond simulants, clarity enhanced, and man-made manufactured diamonds for the diamond industry as retail jewelry. Study of the methods for re-cutting/fashioning of damaged diamonds and the protocol for evaluating diamonds “set” in jewelry mountings.

Evaluation methods

Instructor use of lecture, demonstrations, visual aids, and reading assignments; students will demonstrate proficiency in use of industry standards of diamond 4C's evaluation. The student will competently use the gemological binocular microscope, leveridge gauge, table gauge, master color comparison diamonds and other gemological tools to successfully evaluate round brilliant and fancy shape cut diamonds. End of course written test used to confirm familiarity of the subjects taught during the course. A students practical performance, work ethic, and test scores are all integral to their final course grade.

Course JLRY 1414

Title Fundamentals of Gemology II (Colored Stones)

Description Development of skills in gemstone identification. Emphasis on colored stones including synthetics, enhancement and treatments, and the proper care of laboratory instruments.

Textbooks A Students Guide to Spectroscopy by Colin H. Winter; Gemstones of the World by Walter Schumann; Phenominal Gems by Fred and Charlotte Ward; The Dealer's Book of Gems and Diamonds by M. Sevdernish and A. Mashiah,

Student Learning Outcomes (SLO) 1. Demonstrate knowledge of gem formation, recovery, species and variety of gems, and lore. 2. Demonstrate skills in the use and proper care of laboratory instruments including loupe, microscope, polariscope, spectroscope, refractometer, dichroscope, scales, and measuring devises. 3. Demonstrate skills in gem identification of colored gemstones, synthetics, enhanced, and treated gemstones.

Schedule Week 1 – Classroom orientation; Gemology vocabulary; basic classification of gemstones, durability of gemstones; crystallography, crystal systems, behavior of light with gemstones; Specific gravity testing methods; colored stone specific use of the gemological binocular microscope, polariscope, refractometer, and dichroscope; gemological lab protocol.
Week 2 – Development of skills and application of lab protocol with the gem equipment. Introduction to the observation of internal characteristics of gemstones. Introduction of methods of gemstone enhancements, gemstone formation and crystallography
Week 3 – Introduction to the synthetic gemstone production methods and the tests necessary to separate natural from synthetic gemstones. Practical application of laboratory protocol and classification of Corundum, Chrysoberyl, Beryl, Tourmaline, and Turquoise.

Evaluation methods Instructor use of lecture, demonstrations, slide presentations, videos, and reading assignments the student will demonstrate proficiency in use of the industry wide gemological protocol in gem and mineral classification with an emphasis on forensic observation skills. The student will competently use the gemological binocular microscope, polariscope, refractometer, and other gemological tools to successfully identify colored gemstones during the lab portion of the class. End of course written test used to confirm familiarity of the subjects taught during the course. A students practical performance, work ethic, and test scores are all integral to their final course grade.

Course HRGY 1450

Title Intermediate Gemology

Description

Continued development of skills in gemstone identification. Emphasis on colored stones including synthetics, gemstone enhancements/treatments and the proper care of laboratory instruments.

Textbooks

A Students Guide to Spectroscopy by Colin H. Winter; Gemstones of the World by Walter Schumann; Dealer's Book of Gems by M. Sevdernish and A. Mashiah; Phenominal Gems by Fred and Charlotte Ward

Student Learning Outcomes (SLO)

1. Demonstrate knowledge of gem formation, recovery, species and variety of gems, lore and superstition. 2. Demonstrate skills in the use and proper care of laboratory instruments including loupe, microscope, polariscope, spectroscope, refractometer, calcite dichroscope, scales, and measuring devises. 3. Demonstrate skills in gem identification of colored gemstones, synthetics, enhanced, and treated gemstones.

Schedule

Week 1 – detailed overview of the industry recognized enhancement procedures that are associated with gemstones. Comprehensive study of the following mineralogical classification for Peridot, Garnets, Lapis Lazuli, and Jades formed as nephrite and jadeite.
Week 2 – Comprehensive study of the following mineralogical classes of Spinel, Feldspars, Spodumene, and Quartz/Crystalline- Quartz/Chalcedonies.
Week 3 – Comprehensive study of the following mineralogical classes of Diopside, Opal, Zoisite/Tanzanite, and Iolite.
Week 4 – Comprehensive study of the following mineralogical classes of Zircon, Andalusite, and Apatite.

Evaluation methods

Instructor use of lecture, demonstrations, visual aids, and reading assignments; students will demonstrate proficiency in use of gemological protocol in gemstone classification. The student will competently use the gemological binocular microscope, polariscope, refractometer, and other gemological tools to successfully identify colored gemstones during the lab portion of the class. End of course written test used to confirm familiarity of the subjects taught during the course. A students practical performance, work ethic, and test scores are all integral to their final course grade.

Title Anatomy And Physiology for Medical Assistants

Description

Emphasis on structure and function of human cells, tissues, organs, and systems with overview of common pathophysiology. The student will identify and correlate cells, tissues, organs, and systems of the human body; differentiate normal from abnormal structure and function; and differentiate all body systems, their organs, and relevant pathophysiology.

Textbooks

Herlihy The Human Body In Health and Illness 7th Edition ISBNs:
9780323711265

Student Learning Outcomes (SLO)

1. Apply knowledge of anatomy and physiology, and clinical disease processes
2. Identify and correlate cells, tissues, organs, and systems of the human body
3. Differentiate normal from abnormal structure and function
4. Identify all body systems, their organs, and relevant physiology

Schedule

Course Schedule:

All assignments are due the following Monday by 8:00am

Week 1 06/03 – Chapter 1,2,3,5 Reading and Choice Board

Week 2 06/10 – Chapter 6,7 Reading and Choice Board

Week 3 06/17 – Chapter 8, 9 Reading and Choice Board

Week 4 06/24 – Chapter 10,11,12 Reading and Choice Board

Week 5 07/01 – Chapter 13,14 Reading and Choice Board

Week 6 07/08 – Chapter 15,16,17,18 Reading and Choice Board

Week 7 07/15 – Chapter 20,21 Reading and Choice Board

Week 8 07/22 – Chapter 22,23 Reading and Choice Board

Week 9 07/29 – Chapter 24,25 Reading and Choice Board

Week 10 08/05 – Chapter 26 Reading, Choice Board, and Catch-Up

Week 11 08/12 – Final Exam due THURSDAY MORNING by 8:00am 8/15

Evaluation methods

Quizzes: 30%

Title Principles of Radiographic Imaging I

Description

Understand and apply concepts and theories of equipment operations and their integration for medical diagnosis.

Textbooks

1. Radiologic Science for Technologists Physics, Biology, & Protection, Bushong, 12th edition, 2021, ISBN: 978-0-323-66134-8
2. Principles of Radiologic Imaging: An Art and A Science, Carlton, Alder, 6th edition, 2018, ISBN: 978-1-337-71106-7

Student

Learning

Outcomes

(SLO)

Upon completion of this program, it is expected that a graduate will be able to:

1. Apply the basic principles of radiographic image acquisition to image quality
2. Analyze the effects of exposure variables upon image quality.
3. Identify Radiation Production and Characteristics

Schedule

Week 1-Orientation
Week 2-Radiation Concepts, Tube, Assignment
Week 3-X-ray Production & Interactions, Assignment, Quiz
Week4- Exam, Assignment
Week 5-Density/Image Receptor Exposure, Assignment
Week 6- Contrast, Imaging Process, Assignment
Week 7 - Exam, Assignment
Week 8- Spatial Resolution/Recorded Detail, Distortion, Assignment
Week 9- Grids, Beam Restriction, Digital Imaging - Image Receptors, Assignment
Week 10- Exam, Final Exam Review

Course RADR 2267

Title Practicum (or Field Experience) - Radiologic Technology/Science - Radiographer

Description Practical, general workplace training supported by an individualized learning plan developed by the employer, college, and the student.

Textbooks

1. Introduction to Radiologic Science and Patient Care, Adler, Carlton, 7th edition, 2019 ISBN: 978-0-323-56671-1
2. Merrill's Atlas of Radiographic Positions & Radiologic Procedures Volume 1, Frank, Long, Smith, 14th edition, 2018, ISBN: 978-0-3235-6768-8
3. Merrill's Atlas of Radiographic Positions & Radiologic Procedures Volume 2, Frank, Long, Smith, 14th edition, 2018, ISBN: 978-0-3235-6767-1
4. Merrill's Atlas of Radiographic Positions & Radiologic Procedures Volume 3, Frank, Long, Smith, 14th edition, 2018, ISBN: 978-0-3235-6766-4
5. Merrill's Atlas of Radiographic Positioning, & Procedures Workbook, Frank, Long, Smith, 14th edition, 2018, ISBN: 978-0-3235-9704-3
6. Principles of Radiologic Imaging: An Art and A Science, Carlton, Alder, 6th edition, 2019, ISBN: 978-1-337-71106-7
7. Merrill's Pocket Guide to Radiography, Frank, Long, Smith, 14th edition, 2018, ISBN:978-0-3236-1213-5

Student Learning Outcomes (SLO)

Upon completion of this program, it is expected that a graduate will be able to

1. Promote Exemplary Customer Service.
2. Evaluate radiographic images effectively.
3. Utilize critical thinking in trauma situations.

Schedule

Week 1-Clinical Orientation, 16 hours Precepted Clinical Experience at facilities, clinical discussion
Week 2-10: 24 hours weekly Precepted Clinical Experience at facilities and 1.5 hour weekly clinical discussion
Week 11-Final Evaluations

Evaluation methods

Based on the number of mastered competencies 49%
Based on an average of all clinical instructor' evaluation forms:
Patient Care 15%
Professional 15%
Knowledge/Skills 16%
Attendance 5%

Course 2138

Title Professional Nursing Concepts IV

Description

Integration of professional nursing concepts and exemplars within the professional nursing roles. Synthesizes concepts of clinical judgment, ethical-legal, evidence-based practice, leadership and management, patient-centered care, professionalism, teamwork, and collaboration through exemplars presented in the Health Care Concepts courses. Emphasizes concept of quality improvement and introduces health policy. Incorporates concepts into role development of the professional nurse. This course lends itself to a concept-based approach.

Prerequisite(s): PSYC 2301, PSYC 2314, ENGL 1301, BIOL 2401, BIOL 2402, BIOL 1322, VSNG 2410, Unencumbered Vocational Nurse License, Admission to the Nursing Program RNSG 1324, RNSG 2160, RNSG 1218, RNSG 1226, RNSG 1538, RNSG 2360, RNSG 1237

Student Learning Outcomes (SLO)

Upon completion of this course, the student will:
Discuss the scope of practice in professional nursing roles.
Incorporate clinical reasoning and evidenced-based practice outcomes as the basis for decision-making and providing safe patient-centered care.
Identify the legal-ethical parameters for professional nursing practice as related to selected exemplars.
Manage health information technology to support decision-making and improve patient care within delivery systems.
Demonstrate principles of leadership/management including delegation.

Schedule

Week 1 Professionalism
Week 2 Clinical Judgement
Week 3 Teamwork and collaboration
Week 4 Communication

Course RNSG 2260

Title Clinical – Registered Nursing/Registered Nurse

Description

A health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional. Utilizes assessment skills, critical thinking, and independent nursing intervention to care for individuals experiencing acute/chronic episodes of illness and/or multisystem failure. The focus is on caring, health promotion, health restoration, and professional values within a legal/ethical framework. Emphasis is on collaborative clinical decision-making, nursing leadership, skills, and patient management in the delivery of nursing care. Content includes applicable competencies in basic workplace skills. Nursing courses must be taken in sequential order. If the student fails or withdraws from any nursing course, they will be removed from all nursing courses.

Prerequisite(s): PSYC 2301, PSYC 2314, ENGL 1301, BIOL 2401, BIOL 2402, BIOL 1322, VSNG 2410, Unencumbered Vocational Nurse License, Admission to the Nursing Program, RNSG 1324, RNSG 2160, RNSG 1218, RNSG 1226, RNSG 1538, RNSG 2260, RNSG 1237.

Student Learning Outcomes (SLO)

Upon completion of this course, the student will:

- Apply knowledge of selected concepts to clinical situations.
- Utilize clinical reasoning and knowledge based on the nursing program of study to date and evidence-based practice outcomes as the basis for decision-making and safe patient-centered care for two to five clients, mirroring the preceptor's client load in the acute care setting.
- Implement measures to promote a safe environment for patients and others.
- Demonstrate collaboration and communication skills with diverse patients, families, and the interdisciplinary team to plan, deliver and evaluate care.
- Demonstrate skill in using patient care technologies and information systems that support safe nursing practice.
- Adhere to standards of practice within the legal, ethical, and regulatory frameworks of the professional nurse.
- Demonstrate attributes of the professional nurse.
- Identify delegation of nursing interventions to appropriate personnel.

Schedule

7 days of capstone clinicals
4 days of simulation

Evaluation methods

Direct observation, Clinical paperwork, Clinical Evaluation Tool for capstone days, Clinical checklist.

Course SRGT 1405

Title Introduction to Surgical Technology

Description Orientation to surgical technology theory, surgical pharmacology and anesthesia, technological sciences, and patient care concepts.

Textbooks Surgical Technology for the Surgical Technologist: A Positive Care Approach (5th ed., 2017), and Study Guide (workbook) to accompany the textbook, Surgical Technology for the Surgical Technologist: A Positive Care Approach, Cengage Delmar publisher.
Available as bundle, ISBN: 978-133-758-4876
Phillips and Sedlak (2018), Surgical Instrumentation, (2nd ed.) Delmar Cengage, ISBN: 978-1-285-18253-7
Choose one of two Dictionaries:
Mosby, (2013), Mosby's Dictionary of Medicine, Nursing & Health Professions, (9th ed. or newer) Mosby-Elsevier, ISBN: 978-0-3230-7403-3-2
Venes, (2013), Taber's Cyclopedic Medical Dictionary, (22nd ed. or newer), FA Davis, ISBN: 978-0-8036-2977-6

Student Learning Outcomes (SLO)
Upon completion of this program, it is expected that a graduate will be able to:
1. Explain the physical, interpersonal, and ethical aspects of the operating room environment.
2. Relate basic concepts of surgical pharmacology and anesthesia.
3. Identify and demonstrate patient care concepts including the psychosocial needs of the client.
4. Identify and describe terminology and theories associated with the surgical environment.
5. Distinguish varied job roles of surgical personnel and their responsibilities including professional, legal and ethical aspects.
6. Identify and demonstrate an understanding of different types of health care facilities.

Schedule
Week 1: Orientation/Syllabus/Handbook/Physical
Week 2-3: Unit I (textbook Chapters 1 and 2) Orientation to Surgical Technology; History of Surgery; Surgical Team Members; Standards of Conduct, Professionalism; and Hospital Organization, Legal Environment; Risk Management; Ethics; Scope of Practice
Week 4-5: Unit II (textbook Chapters 5); Physical Environment and Safety Standards
Week 6: Hospital Tour and Clinical Observation
Week 6: Unit III (textbook Chapters 3-4); The Surgical Patient and Special Populations
Week 7-8: Unit IV (textbook Chapter 8 & 13); Emergency Situations and All-Hazard Preparation, Diagnostic Procedures; Vital Signs; Laboratory Studies; and Surgical Specimens
Week 9-10: Unit V (textbook Chapter 9); Surgical Pharmacology and Anesthesia
Week 11: Skills Lab; Competency Evaluation; FINAL EXAM

Evaluation methods

5 Unit Examinations (averaged) 65% of course grade

Daily Grades (avg.): workbook assignments, quizzes, etc. 20% of course grade

Comprehensive Final Examination 15% of course grade

Course SRGT 1409

Title Perioperative Concepts and Aseptic Technique

Description

In-depth coverage of perioperative concepts such as aseptic/sterile principles and practices, infectious processes, wound healing, and creation and management of the sterile field.

Textbooks

Same as used in concurrent course, SRGT1405:
Surgical Technology for the Surgical Technologist: A Positive Care Approach (5th ed., 2017), and Study Guide (workbook) to accompany the textbook, Surgical Technology for the Surgical Technologist: A Positive Care Approach, Cengage Delmar publisher.
Available as bundle, ISBN: 978-133-758-4876
Phillips and Sedlak (2018), Surgical Instrumentation, (2nd ed.) Delmar Cengage, ISBN: 978-1-285-18253-7
Choose one of two Dictionaries:
Mosby, (2013), Mosby's Dictionary of Medicine, Nursing & Health Professions, (9th ed. or newer) Mosby-Elsevier, ISBN: 978-0-3230-7403-3-2
Venes, (2013), Taber's Cyclopedic Medical Dictionary, (22nd ed. or newer), FA Davis, ISBN: 978-0-8036-2977-6

Student Learning Outcomes (SLO)

Upon completion of this program, it is expected that a graduate will be able to:

1. Identify and demonstrate principles and practices of aseptic techniques.
2. Explain infectious processes and concepts of wound healing.
3. Maintain a sterile field utilizing basic case preparation and procedures.
4. Identify basic instruments, equipment and supplies by type and function.
5. Demonstrate the care, handling and assembly of basic instruments, equipment and supplies in the operating room.

Schedule

Week 1- Orientation; Syllabus/Handbook Review
Week 2-3: Unit I (textbook Chapter 10); Instrumentation, Equipment and Supplies, Skills LAB
Week 4-5: Unit II (textbook Chapter 7); Preventing Perioperative Disease Transmission; Microbiology of Surgical Site Infection; Decontamination and Sterilization; Principles of Asepsis, Skills LAB
Week 6: Hospital Tour and Clinical Observation
Week 6: Unit III (textbook Chapter 12); Surgical Case Management; Perioperative Routines; Patient Transport and Positioning; Skin Prep; OR Attire; Sterile Fields; Draping; Turnover, Skills LAB
Week 7-8: Unit IV (textbook Chapter 11); Wound Healing, Sutures/Needles and Stapling Devices, Skills LAB; Clinical Observation
Week 9: Unit V (textbook Chapter 6); Biomedical Sciences; Minimally Invasive Surgery; LASER applications; Robotics, Skills LAB; Clinical Observation
Week 10: Skills Lab; Clinical Observation
Week 11: Skills Competency Evaluation; FINAL EXAM

Evaluation methods

4-5 Unit Examinations (averaged) 50% of course grade

Lab Skills and Daily Grades (avg.): workbook assignments, quizzes, etc. 10% of course grade

Two-part Comprehensive Final Examination, 40% of course grade, including Pre-Clinical Skills

Practicum requiring 75% minimum score.

Course SRGT 1441

Title Surgical Procedures I

Description

Introduction to surgical procedures and related pathologies. Emphasis on surgical procedures related to general, obstetrics/gynecology, genitourinary, otorhinolaryngology and orthopedic surgical specialties incorporating instruments, equipment, and supplies required for perioperative patient care.

Textbooks

Surgical Technology for the Surgical Technologist A Positive Care Approach and Study Guide, 2017, 5th ed. Caruthers, Delmar Publishing. ISBN: 978-1-305-95641-4 (includes Textbook w/Study guide workbook)
Differentiating Surgical Instruments, 2nd ed., 2012. Rutherford, FA Davis Publishing. ISBN: 978-0-8036-2545-7
Medical Dictionary: Either, Mosby's Medical, Nursing, & Allied Health Dictionary, ISBN: 0-323-01430-5, or Taber's Cyclopedic Medical Dictionary, ISBN: 0-8036-1207-9 (any recent edition).

Student Learning Outcomes (SLO)

Introduction to surgical pathology and its relationship to surgical procedures. Emphasis on surgical procedures related to the general, OB/GYN, genitourinary, otorhinolaryngology, and orthopedic surgical specialties incorporating instruments, equipment, and supplies required for safe patient care.

Schedule

Week 1: Orientation, General Surgery
Week 2: General Surgery continued
Week 3: Exam General Surgery, Begin Orthopedics
Week 4: Orthopedics continued
Week 5: Exam Orthopedics, Begin OB/GYN
Week 6: OB/GYN continued
Week 7: Exam OB/GYN, Begin Eye/ENT
Week 8: Eye/ENT continued
Week 9: Exam Eye/ENT, Begin Urology
Week 10: Urology continued
Week 11: FINAL EXAM

Evaluation methods

In order to pass SRGT 1441, the student must achieve a final-grade computation of 75% or higher.

The final grade average will consist of:

5 Exams (averaged) 60%

Daily Grades (averaged) 20%

Comprehensive Final Exam 20%

Daily grades may consist of written assignments, critical thinking exercises, lab exercises, and unannounced quizzes (if you are absent, an unannounced quiz can not be made up) and computer exercises.

Late assignments will have 10 points deducted for every class day that it is late, unless excused absence is documented.

If you miss an exam, you must contact the instructor as soon as possible. Make-up exams will be fill-in the blank or essay.

Students who have unsatisfactory progress in classroom will be given written notification and a plan for remediation will be completed.

Course SRGT 2461

Title Clinical - Surgical Technology/Technologist

Description A health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional.

Textbooks Surgical Technology for the Surgical Technologist A Positive Care Approach and Study Guide, 2017, 5th ed. Caruthers, Delmar Publishing. ISBN: 9781337584876 (includes Textbook w/Study guide workbook and electronic Access Code)
Differentiating Surgical Instruments, 2nd ed., 2012. Rutherford, FA Davis Publishing. ISBN: 978-0-8036-2545-7
Medical Dictionary: Either, Mosby's Medical, Nursing, & Allied Health Dictionary, ISBN: 0-323-01430-5, or Taber's Cyclopedic Medical Dictionary, ISBN: 0-8036-1207-9 (any recent edition).

Student Learning Outcomes (SLO) As outlined in the learning plan, apply the theory, concepts, and skills involving specialized materials, tools, equipment, procedures, regulations, laws, and interactions within and among political, economic, environmental, social, and legal systems associated with the occupation and the business/industry and will demonstrate legal and ethical behavior, safety practices, interpersonal

Schedule Week 1 No clinical attendance (orientation site-visits)
Week 2-4 Clinical site attendance (rotation 1) per student schedule
Week 5-7 Clinical site attendance (rotation 2) per student schedule
Week 8-10 Clinical attendance (rotation 3) per student schedule
Week 11 Clinical attendance/ make-up days; FINAL EXAM

Evaluation methods Clinical grade computation is determined by over-all participation (number of cases scrubbed, minimum 120), reported scrub-roles (observation, with-assistance, solo), observation-based skills-evaluation (preceptor/instructor), and average of graded assignments (instructor). In order to pass SRGT 2461, the student must achieve a final average-grade of 75 or higher. The final grade average will consist of:
Instructor evaluation of skills 35% of course grade
Preceptor evaluation of skills 45% of course grade
Instructor assignments (avg.) 20% of course grade

Title Basic Nursing Skills

Description

Mastery of basic nursing skills and competencies for a variety of health care settings using the nursing process as the foundation for all nursing interventions.

Textbooks

Required Summer 2023:
Lippincott CoursePoint+ Enhanced for Ricci, Kyle & Carman's Maternity and Pediatric Nursing ISBN: 9781975156879

Required Fall 2023:
Lippincott CoursePoint+ Enhanced for Brunner & Suddarth's Textbook of Medical-Surgical Nursing – ISBN: 9781975186777

Hurst Next – Next generation NCLEX prep resource

Recommended:
Silvestri, Linda (2022) Saunders Comprehensive Review for NCLEX-PN, (8th ed.), Elsevier-Saunders, ISBN: 978-0323733052

Optional:

Student Learning Outcomes (SLO)

1. Identify safe and competent entry-level nursing skills.
2. Identify how each step of the nursing process relates to nursing care.
3. Discuss the implementation of entry-level nursing skills in a variety of health care settings.
4. Identify nursing interventions designed to break the link in the chain of infection.
5. Identify strategies for injury prevention and safety maintenance in acute care settings.
6. Perform safe client-centered care techniques when providing nursing interventions.
7. Demonstrate accurate documentation of nursing techniques and nursing care, e.g., hygiene, safety precautions, intake and output, positioning, client mobility, and transfer, vital signs, and medication administration.

Schedule

Week 1: Vital Signs
Week 2: Infection Control/Wound Care
Week 3&4: Physical Assessment
Week 5: Nutrition & Hygiene
Week 6-10: Medication Administration & Mobility
Week 11: IV Starts

Evaluation methods

Course Components	Percentage
Vital Signs Skill Check-off	30%

Title Introduction to Layout and Fabrication)

Description

A fundamental course in layout and fabrication related to the welding industry. Major emphasis on structural shapes and use in construction.

Textbooks

No Text book required, class hand outs will be given on an as needed basis

Student Learning Outcomes (SLO)

1. Identify welding symbols;
2. identify and select measuring instruments and tools for fabricating projects;
3. recognize correct layout and fabrication terminology;
4. identify structural shapes and materials.

Schedule

Week 1- 15

Students will use various types of layout and fabrication exercises to mirror real job shop/construction site atmospheres, both on paper and hands on with emphasis being on all types of structural shapes and fabrication. Group projects as well as individual projects are required.

Evaluation methods

All projects, tests (written/hands on), and daily attendance grades are averaged on an equal part basis for the semester grade.

Textbooks No Text book required, class hand outs will be given on an as needed basis

Student Learning Outcomes (SLO) 1. Categorize major codes; identify welding procedures; identify welding and NDT symbols; list responsibilities of inspectors; evaluate destructive testing; list alloys/phases of metals; state the effects of heating and cooling; and shop inspection standards; develop welding procedures; and identify NDT test methods and welding discontinuities.

Schedule Week 4-13
Students will practice safe welding concepts while learning the SMAW process in the 1G, 2G,5G, and 6G welding positions. Emphasis will be on the E6010/E7018 electrodes. Emphasis will be put on the GMAW/FCAW process in these positions also.

Evaluation methods

All projects, tests (written/hands on), and daily attendance grades are averaged on an equal part basis for the semester grade.

Course WLDG 1430

Title Introduction to Multi Processes

Description

Principles of gas metal arc welding, setup and use of Gas Metal Arc Welding (GMAW) equipment, and safe use of tools/equipment. Instruction in various joint designs.

Textbooks

No Text book required, class hand outs will be given on an as needed basis

Student Learning Outcomes (SLO)

Describe welding positions with various joint designs; describe the effects of welding parameters in GMAW; apply safety rules; troubleshoot equipment used; perform visual inspection; weld various types of structural material; and diagnose welding problems.

Schedule

Week 1-15 Skills taught in this course will be hands on and lecture, describing the Gas Metal Arc Welding processes and uses in the industry. Scheduled projects will be fillet/butt weld projects utilizing the GMAW processes in all positions.

Evaluation methods

All projects, tests (written/hands on), and daily attendance grades are averaged on an equal part basis for the semester grade.

Principles of gas metal arc welding, setup and use of Gas Metal Arc Weld

Describe welding positions with various joint designs; describe the effect:

ling (GMAW) equipment, and safe use of tools/equipment. Instruction in various joint designs.

s of welding parameters in GMAW; apply safety rules; troubleshoot equipment used; perform visual inspe

action; weld various types of structural material; and diagnose welding problems.

Course WLDG 1434

Title Introduction to Gas Tungsten Arc Welding (GTAW)

Description

Principles of gas tungsten arc welding (GTAW), including setup, GTAW equipment. Instruction in various positions and joint designs

Textbooks

No Text book required, class hand outs will be given on an as needed basis

Student Learning Outcomes (SLO)

1. Have the ability to setup and adjust a TIG welding outfit for different applications.
2. Have the ability to properly select the proper tungsten, filler rod, and shielding gas for different TIG welding applications.

Schedule

Week 4-13
Students will practice safe welding concepts while learning the GTAW process in the 1G, 2G,5G, and 6G welding positions. Emphasis will be on the ER70S2 electrodes. Emphasis will be put on the FCAW/SMAW process in these positions also.

Evaluation methods

All projects, tests (written/hands on), and daily attendance grades are averaged on an equal part basis for the semester grade.

Course WLDG 1435

Title Introduction to Pipe Welding

Description

An introduction to welding of pipe using the shielded metal arc welding process (SMAW), including electrode selection, equipment setup, and safe shop practices. Emphasis on weld positions 1G and 2G using various electrodes.

Textbooks

No Text book required, class hand outs will be given on an as needed basis

Student Learning Outcomes (SLO)

1. Have the ability to translate API codes.
2. Have the ability to select the right rod for the job.

Schedule

Week 1- 3
Students will practice safe welding concepts while learning the SMAW process in the 1G & 2G welding positions. Emphasis will be on the E6010 & E7018 electrodes. Some emphasis will be put on the FCAW process in these positions also.

Evaluation methods

All projects, tests (written/hands on), and daily attendance grades are averaged on an equal part basis for the semester grade.

Course WLDG 1457

Title Intermediate SMAW

Description A study of the production of various fillets and groove welds. Preparation of specimens for testing in various positions.

Textbooks No Text book required, class hand outs will be given on an as needed basis

Student Learning Outcomes (SLO)
1. Identify principles of arc welding;
2. describe arc welding operations of fillet and groove joints
3. explain heat treatments of low alloy steels
4. explain weld size and profiles

Schedule Week 1-15 Skills learned in this course will prepare students for certification to AWS D1.1

Evaluation methods

All projects, tests (written/hands on), and daily attendance grades are averaged on an equal part basis for the semester grade.

Course WLDG 2413

Title INTERMEDIATE WELDING USING MULTIPLE PROCESSES

Description

Instruction using layout tools and blueprint reading with demonstration and guided practices with some of the following welding processes: oxy-fuel gas cutting and welding, shield metal arc welding (SMAW), gas metal arc welding (GMAW), flux-cored arc welding (FCAW), gas tungsten arc welding (GTAW), or any other approved welding process.

Textbooks

No Text book required, class hand outs will be given on an as needed basis

Student Learning Outcomes (SLO)

1. Identify proper safety equipment and tools and identify and select the proper welding process for a given application.

Schedule

Week 1- 13

Students will use various welding processes during layout and fabrication exercises to mirror real job shop/construction site atmospheres, emphasis being equally placed on safety, layout and fabrication. Group projects as well as individual projects are required.

Evaluation methods

All projects, tests (written/hands on), and daily attendance grades are averaged on an equal part basis for the semester grade.

Course WLDG 2447

Title Advanced Gas Metal Arc Welding

Description

Advanced topics in gas metal arc welding (GMAW), Includes weling in various welding positions.

Textbooks

No Text book required, class hand outs will be given on an as needed basis

Student Learning Outcomes (SLO)

Demonstrate GMAW in various positions; describe safety practices and equipment use; describe the effects of welding parameters in GMAW; and weld various joint designs and perform inspections.

Schedule

Week 1-15 Skills taught in this course will be hands on and lecture, decribing the Gas Metal Arc Welding processes and uses in local industry. Scheduled projects will be fillet/butt weld projects utilizing the GMAW processes in all positions at higher wire feed speeds (WFS).

Evaluation methods

All projects, tests (written/hands on), and daily attendance grades are averaged on an equal part basis for the semester grade.

Principles of gas metal arc welding, setup and use of Gas Metal Arc Weld

Describe welding positions with various joint designs; describe the effect:

Title Advanced Gas Tungsten Arc Welding (GTAW)

Description

Advanced topics in GTAW welding, including welding in various positions and directions.v

Textbooks

No Text book required, class hand outs will be given on an as needed basis

Student Learning Outcomes (SLO)

1. Demonstrate proficiency in various welding positions; 2. describe safety rules and equipment used; 3. describe the effects of welding parameters in GTAW; 4. weld various joint designs; 5. diagnose welding problems; 6. perform visual inspection.

Schedule

Week 4-13

Students will practice safe welding concepts while learning the GTAW process in the 1G, 2G,5G, and 6G welding positions. Emphasis will be on the ER70S2 filler metal.

Evaluation methods

All projects, tests (written/hands on), and daily attendance grades are averaged on an equal part basis for the semester grade.
